REV. COLE TO CONDUCT A REVIVAL

Pastor Consents to Act on Suggestion of Central Christian Officiary

TO OPEN SUNDAY

Extensive Program in Connection with Evangelistic Work Is Prepared

It is not usual that a pretentious evangelistic campaign is attempted by a local minister, but the successes attending the ministry of Rev. Clifford A. Cole, of the Central Christian Church, have led the officiary of that church to ask him to do the preaching in an intensive and rather far-reaching campaign.

The church has been so fortunate as to secure the Conner Trio of

REV. CLIFFORD A. COLE

musicians and singers to assist and to direct the special features of the campaign. The Conners are widely known and very popular wherever they have been in their chosen work. Mr. E. G. Conner is the chorus director and trombonist. A picked choir of forty voices will lead the congregational singing under his direction. Mrs. Conner is pianist and soloist, and can preach if emergency demands. The daughter, Helen Conner Nern, has a wonderfully rich and attractive contralto voice and is the soloist and reader of the company. She will also have charge of young people's work during the campaign. The trio will be a big attraction in Glendale during the remainder of this month. Their song services will begin each night at 7:45.

An Armistice Day program is being arranged for Sunday night. A patriotic service will precede the sermon, in which Mrs. Nern will appear in pantomiming "The Star Spangled Banner." This program has been put on in many places over the country, always with telling effect.

Rev. Cole announces that during the coming week the following will be among some of his sermon themes: "A Voice from the Darkness," "Who Is This Christ?" "Religion in Your Wife's Name," "Why I Am a Christian," "The Most Popular Sin in the World."

With a positive message and inspiring and live music and a great church back of the proposition, the Central Christian has before it a real experience. It is not doubted that the people of our city will respond.

H. CRAWFORD IS INJURED IN AUTO COLLISION

H. Crawford of 600 South Maryland, was severely injured when an automobile in which he and E. Clark of 336 North Maryland avenue, were riding, collided with a machine driven by L. D. McKeen of the Rudy building, the accident taking place at the corner of Lexington and Isabel at 3:15 o'clock yesterday afternoon. Young Crawford was rushed to the Glendale sanitarium where it was found that his arm was broken and that he was badly bruised about the hands and face. The Clark boy was not injured.

HARDING CALLS ON NATION TO AID RED CROSS

Glendale Unit to Spread Message from Tomorrow Until Nov. 30

WASHINGTON, Nov. 10—President Harding today issued a proclamation calling upon the American people to support the annual Red Cross membership roll call beginning tomorrow and continuing until Thanksgiving day. He also proclaimed November 12 as Red Cross Sunday, inviting the people "to unite with their spiritual leaders in such observance of it as may promote a renewed consecration to the gospel of service based upon divine injunction and sanction by all good conscience."

The call to service will come to every resident of the nation in the Red Cross roll call, which begins tomorrow and ends November 30th. This appeal will be for a service that every person in the land should be glad and even eager to render.

The Red Cross, one of the noblest organizations in the world, needs members and it needs money. It comes to those living in this great land once a year, and asks them to do their bit—only a trifling bit—toward making it possible for the Red Cross to continue its wonderful work.

Although the war is over this organization has a big task to perform. There are many needy families in the country to be cared for; there are thousands upon thousands of hungry to be fed in the less favored sections of the United States; there is a great relief work to be done in Europe—in fact, there are more things to be done than the money secured by the Red Cross will permit. That's the "why" of this annual campaign for members. It is the expectation of the local committee to have a Red Cross flag in the window of every Glendale home before Thanksgiving. Mrs. John Robert White, Jr., chairman of the Sixth Roll Call in Glendale, is enthusiastic over the prospects for an overwhelming victory in the membership line. Headquarters have been established at the Glendale Savings bank, and of this Mrs. R. A. Blackburn will have charge. It will be open daily between the hours of 10:00 a. m. and 2 p. m.

Following are the chairmen of the 28 precincts into which Glendale has been divided:

1, Mrs. E. H. Botsford; 2, Mrs. E. S. Dodds; 3, Mrs. C. L. Chandler; 4, Mrs. William Pelley; 5, Mrs. James Fife; 6, Mrs. H. C. Vanderwater; 7, Mrs. J. W. Andree; 8, Mrs. George Postle; 9, Mrs. J. S. Hayward; 10, Mrs. Gerhard Koemmerling; 11, Mrs. C. A. Perry; 12, Mrs. H. C. Ackley; 13, Mrs. Harry James; 14, Mrs. Peter Diederich; 15, Mrs. John P. King; 16, Mrs. John H. Daugherty; 17, Mrs. George Whitaker; 18, Mrs. Lillian Aichholz; 19, Mrs. Benjamin Holbrook; 20, Mrs. F. L. Hollingworth; 21, Mrs. Winona Crawford; 22, Mrs. Frank Chambers; 23, Mrs. W. B. Alexander; 24, Mrs. Joseph H. Webster; 25, Mrs. E. J. Morgan; 26, Mrs. William T. Ward; 27, Mrs. O. W. Esselman; 28, Mrs. Guy W. Phinney.

TUESDAY CLUB TO MARK LAYING OF CORNER STONE

Brief Program Arranged for Ceremony of Nov. 14 at New Building

Next Tuesday will dawn the great day to which members of the Tuesday Afternoon club of this city have been looking forward as the first step in the realization of their dream of a club home. On that day the cornerstone of the building will be laid with appropriate ceremonies.

It will be preceded by a brief program at the Masonic Temple, beginning at 1:30 with a community song led by Huzo Kirchofer. An adjournment will then be taken to the clubhouse site at the corner of Central and Lexington drive where "America" will be sung and where the box to be encased in the corner stone will receive contributions likely to be of historic interest in years to come. Each of the past presidents of the club will place therein the year book of her administration or it will be deposited by a member of her official staff. Mrs. A. P. Findlay will deposit a list of the life members and the current issues of the local newspapers will be deposited.

A few remarks will be made by John Hyde Braly, but the main speech of the occasion will be made by Mrs. Sidney Thomas Exley, vice president at large of the State Federation of Women's Clubs.

Dr. C. M. Calderwood will make the dedicatory prayer and the program will close with a vocal number by Miss Knolts.

Mrs. Helen Sadler, mother of Mrs. E. L. Young of 325 Milford street, is spending the week with Mrs. Esther Yule, of Long Beach.

OLD TIME DANCE TO BE GIVEN

Business and Professional Women's Club Seems to Have Awakened Big Response

THANKSGIVING FROLIC

Grand March of Yore to Be Evoked Above the Jazz by Ancient Fiddler

The Glendale Business and Professional Women's club evidently struck a responsive chord when it invited the public to the old-fashioned barn dance to be given under its auspices in the auditorium of the chamber of commerce, Monday evening, November 27, as a Thanksgiving frolic.

The committee of arrangements announced in the beginning that an old time fiddler who could play the old tunes for the old dances—the lancers, "Prairie Queen Quadrille," "Old Dan Tucker," Virginia Reel, and all the figures loved of our forefathers, had been engaged.

Then it was found that even in modern Glendale there are those whose memories run back to other days and scenes when they used to call the changes in the dance and these are glad to turn back the hands of the clock and again issue the orders for the old-time capers when the tune gets lively. Mr. Taylor of the Glendale Press advertising staff is a master at the game and will help at the party.

Secretaries Rhoades and Sanders of the chamber of commerce, who were among the first to secure tickets, are organizing a corps of floor managers.

Mayor Spencer Robinson says he will lead the grand march if he has to wear a roller skate or his rheumatic foot.

Mr. and Mrs. John Robert White Mr. and Mrs. Daniel Campbell and others who have taken tickets will be included in the list of patrons and patronesses. The tickets are going rapidly and when as many are sold as it is felt the hall will reasonably accommodate, no more will be disposed of. Young grandparents, who remember the days of their youth will not have many more such chances and if they desire tickets, which will be sold at 75 cents per couple, should secure them without delay. They can be found at the Kirkman stationery store, 141 South Brand.

Patrons are asked to remember that it is a "barn dance" and to come suitably attired—dressed as they might have been fifty years ago on such an occasion before there were garages and hangars. Calico and blue jeans should be in fashion, or dotted muslin and figured cambric, with an occasional old lady in her best black silk and kerchief smelling of lavender and a peppermint lozenge in its folds.

Mrs. Fred Walton, Mrs. Peggy Warner, and Mrs. Elsie Williams constitute the committee of arrangements and all three have tickets to sell.

NEW MEMBERS ARE ADMITTED TO THE COMMANDERY

Big Class Is Passed to Orders of Rosy Cross and Knight of Malta

A big class was elected to membership at the last meeting of the Glendale Commandery and in consequence next Monday evening will be the special occasion when the orders of the Red Cross and the Knight of Malta will be bestowed upon them. Work will begin at 5:30 and an adjournment will be taken at 6:30 for dinner which will be followed by a resumption of the work. The occasion will also be memorable because the beautiful new robes which cost the Commandery about $700 will be used for the first time. An invitation to attend has been extended to all resident and visiting knights. Those who wish to make reservations for the dinner are asked to do so through Commander Moyse or Generalissimo Roy V. Hogue not later than Saturday evening.

I. W. W. Gang Is Reported Arrived

M. Schaefle, 1859 South San Fernando road, reported at 8:20 o'clock last night that a gang of I. W. W.'s was loafing around in the vicinity of his home. One of the fellows, he said, walked straight into his home as though it was his own dwelling. When the fellow saw Mr. Schafle he left the house without a word of explanation.

BUY YOUR REAL ESTATE BEFORE THE RUSH COMES

By JOHN H. GERRIE
Civic Development Expert

Buy your real estate early! The greatest inrush of home-seekers and investors in the history of California is now headed this way. Railroads report bookings to capacity, incoming travelers tell of the widespread movement toward Southern California, recent arrivals tell of friends and relatives "back east" who will follow them at earliest opportunity.

"There's magic in the name California," said a Los Angeles banker upon his return from Atlantic coast cities. "It is the most talked-of section of the earth's surface today. It is looked upon almost everywhere as the land of opportunity, health and happiness. Everywhere I went in the east I was told of people preparing to sell out and move to California. Most of these had their minds set upon Southern California, meaning specifically Los Angeles or the country immediately tributary thereto. I think a new era of growth is setting in for the smaller cities and towns of the metropolitan area."

This is a fair sample of the optimistic talk of practically everybody returning here after visits to other parts of the country. People from the east, middle west, north and south not only are coming here to live but they are coming to buy ranches and groves, to establish industries, to open shops to engage in various occupations and to bring up their families.

Most of them will become possessors of California real estate after they get here and that is why the advice is given at the outset of this article, "Buy your real estate early." Frequently the remark is heard among old-timers: "Too many subdivisions are being put on the market. There are more lots than buyers and a reaction must result. I will wait and buy when the slump comes."

But instead of a slump there's more likely to be an advance in price. There may be more lots than buyers immediately in sight. But every train brings in more buyers. There are buyers for lots in this city and neighborhood and for acreage in the surrounding country who have not yet left Massachusetts or New York or Pennsylvania or Ohio or Illinois or Kansas or any other state.

The more subdivisions that are put on the more buyers will be attracted here from a distance. And the buyers who are attracted by one subdivision will bring buyers for other subdivisions. The more subdivisions that are well advertised the faster will be the growth of city and district.

To buy your real estate early is to get in while the picking is good and before the price advances still more. If the market for lots consisted solely of the people here and in the metropolitan area there might be some excuse for the statement that "too many subdivisions are being put on," but when the market reaches from ocean to ocean and from the gulf to the great lakes and even extends across the borders into other countries it will be apparent that the potential demand for home sites and business sites and factory sites is far in excess of the supply.

A well known writer not long ago made the statement that "a piece of California land is a piece of gold." He predicted an ultimate population for this state of fifty million human beings. Should this prediction overshoot the mark by even five times the urge to "buy your real estate early" will be worth heeding, for then you'll have assurance of a tangible basis of prosperity to hand down to your children and your children's children. The longer you wait the smaller your choice and the higher the price.

SNEAK THIEF IS STILL OPERATING

W. R. Campbell, 612 East Orange Grove avenue, reported to the Glendale police this morning that shortly after 7 o'clock last night thieves entered his home and got away with a purse containing a small amount of change.

A coat of one of the thieves was found spread open on the dining room floor, which gives cause for the belief that they were scared away just as they were about to pile the valuables in the coat for transportation.

Entrance to the house was gained through the side window, from which the screen was torn.

Mrs. Ray Voorhees, of Riverside, is the guest of Mrs. Harriet Thampson, of the Allen apartments. The ladies will be joined tonight by their husbands who are in Riverside.

WEST LEXINGTON HOME REPORTED ROBBED

The home of E. Allewelt, 331 West Lexington, was robbed between the hours of 8 and 10 o'clock Wednesday night, according to a report turned into the Glendale police department last night. Several articles of value were taken, and of these nothing has been heard of since.

LEGION AUXILIARY CALLS MEMBERS TO PARADE

All members of the American Legion auxiliary who will march in the Armistice Day parade, will please meet at Belmont and Broadway, Saturday morning, at 9:30. Automobiles will be there, decorated with banners ready to take part.

ACCIDENT IN THE GLENDALE DAILY PRESS PRESS ROOM

A tape broke in the press this morning. It flung off into the gear. The gear was wrecked.

So the Glendale Daily Press will reach its readers late today.

Such is the tale today of a press overworked by a circulation grown beyond its scheduled production. A press that has faithfully striven to deliver the circulation to you before nightfall. And so often has failed.

Soon the old press will be retired from service. A new one, costing $38,000, is already awaiting in a Los Angeles storehouse. Its placement is deferred until the new Glendale Press building is built. The new building will start in a few days.

Meanwhile the Glendale Daily Press staff and carriers amid the wreck in the press room, thoroughly appreciating the steady support of its readers, asks for its continuance yet a little while. We are doing the best we can. It's not very good, always, and you have been patient.

We know you will be proud of us, as we are of you, when our new building is up, the new press in place and she kicks off with a sixteen-page paper at every turn. All because of the patient way you have stood by in our hours, like today, of tribulation.

PATTERSON PURCHASE IS REFUSED

Stormy Session of City Council Precedes Decision on Hahn Tract

REALTORS ENRAGED

Councilmen Declare South Side Must Have Recognition Next

Following a verbal skirmish in which Nathan Newby, A. T. Gray, William B. MacMullin and H. L. Finley were pitted against Hal Davenport and the members of the Glendale city council, that body, at its meeting Thursday night, decided to uphold its action taken two weeks ago to refrain from purchasing 13 additional acres, a portion of the Hahne estate, to be used in connection with the Patterson avenue park. From the moment the question was opened by Mr. Newby the fireworks came fast and furious, the vote of the council, in which all the members except Councilman Lapham voted against the purchase, ending the wrangle. After the vote of the council, those who were arguing in favor of the purchase of the additional land, left the room, disgusted at what they claimed was a "break of faith on the part of the council.

"When we gave you $4800 out of the $10,000 paid for the present park the council promised that the additional land should be purchased when funds became available," said Mr. MacMullin, "and now when the opportunity to get this land at an unreasoably low figure is offered, you turn us down.

"I tell you, the reason there are not more public spirited citizens in this town is because no matter what is done the council does not appreciate it. A fellow could do a million dollars worth of service for the city and then if he asked for a penny's worth of consideration in return, he would be turned down. You will never influence people to be public spirited by action of that kind. All we ask you to do is to keep your promise to us."

"You folks in the Patterson avenue district must not be selfish in this matter," said Mayor Robinson. "There are other sections in Glendale besides Patterson avenue. We are trying to be fair with all parts of the city. The people up in the extreme northwest of the city should have a park and the folks in the south end of town are deserving of one. We do not agree that additional ground should be purchased for the Patterson park. In fact, a majority of us think we should not take this step. We want to represent the entire city in this matter.

"But I'll tell you what we have decided to do. We have decided to make your present Patterson avenue park one of the most beautiful in the state. Mr. Bryant, formerly landscape engineer of Portland, Oregon, has gone over the property and has submitted a very beautiful plan for the beautifying of that park. To carry out the proposed work will take between $12,000 and $15,000. We expect to do this before any other parksite in Glendale is beautified. We promise you that you will get the first money available in the park fund and that the work on the Patterson avenue park will be continued until the beautifying of the park is finished.

"You must be reasonable in this matter, gentlemen. We are trying to do the best we can for the entire city, and to do this we must give each section a resting place."

"Nothing would please us more than to give you just what you want, gentlemen," said Councilman Stephenson, "but we simply have to give all sides of town a fair shake. For instance, the south side of town needs and is entitled to a park. We have not given it one public improvement since it was annexed to Glendale—not one dollar has been spent down there, and, frankly, I am in favor of buying land there for park purposes before purchasing land in any other section. Those people have been extremely patient. In fact, they have begun to believe that we do not care what becomes of their section. But I think we should show them how much we appreciate what they are doing, by giving them a park, even though only a small one. The south part of town pays far more taxes into the city treasury than does the west side, and they are surely entitled to a little consideration."

"I want to say, gentlemen," said Hal Davenport, "that the people of the south side do feel that they are not getting all that is coming to them. They would be tickled to death if you would buy even a couple of lots that might be set aside for park purposes.

"I think the fight these gentlemen are making for more land in their section is unreasonable. I feel they should be satisfied with their present park, provided it is beautifully improved. Ten acres is a big piece of ground. If we had half that much we would feel that we were extremely fortunate."

"Practically all the people in the west part of town are in favor of the purchase of the additional 13 acres," said Mr. Newby, "so I think it is nothing but fair that you should buy it."

"I think the council should consider the wish of the people in the Patterson park section," said Mr. Finley. "They want this additional ground purchased. Most of the civic organizations of the city have gone on record as favoring the purchase of the land. The option will expire in a few days, and when the city can get this ground on a down payment of $1000, the remainder to stretch over a period of years, I think it should do it."

"The portion of the 13 acres facing on the Pacific Electric carline is worth the entire price asked," said Mr. Gray. "In a few years it may be two or three times the present price."

Following the discussion Councilman Lapham moved that the council accept the offer of Mr. Hahne. When the vote was taken it resulted as follows: No — Councilmen Davis, Stephenson, Kimlin and Robinson; aye—Lapham.

GLENDALE STATE BUYS $15,000 CITY BONDS

Policy of Local Upbuilding Is Sustained in Purchase

The Glendale State bank purchased the block of $15,000 in public improvement bonds offered for sale by the city this week, and City Treasurer Scherer was given a check for the same by A. R. Eastman, president of the bank, yesterday. This is a part of the recent issue of bonds voted for public improvements.

Since opening for business here a little over a year ago the Glendale State bank has shown a ready disposition to aid in Glendale's upbuilding in every way possible, and this is only one of the many instances where they have shown their faith in the future of the city by handling its paper.

SHRINE CLUB TO STAGE COME BACK SATURDAY NIGHT

Nobles Vandewater, Purcell and Moore Arrange Program

Noble Vandewater as chairman of this stag affair with his aides Nobles Purcell and Moore are arranging a real time and it behooves every Noble to be there.

Our adjourned business meeting will first take place which will be followed by a good, live entertainment, furnished by our own fellow Nobles and others friendly to our Shrine club.

Lots of good fellowship and plenty of smokes will be on hand for everyone. There's going to be eats, too.

Noble Kelly will liven up things a bit with catchy music by his Shrine club orchestra.

Every Noble is requested to bring a friend Noble with him and we will make him more than welcome.

There will be no charge of any nature.

GLENDALE FACES MONROVIA FOR 4TH GAME

Hosts Are Hardy and Undefeated While Locals Are Without Standing

The Glendale high school heavyweights will meet the Monrovia grid squad at Monrovia, today, for the fourth league game.

The Monrovia squad has a standing of one thousand per cent while the local boys have no standing, due to the fact that they lost one game and tied two. A tie game is marked as "no game played." Monrovia's standing in the league will not be seriously impaired should Coach Hayhurst's huskies trim her. In all probability the Central league pennant will go to the orange growers.

The official lineup for Glendale:

Marshall, c.; Shannon, l. g.; Phillips, r. g.; Clouse, l. t.; Barstow, r. t.; La Valle, l. e.; Horri, r. e.; Gleb, l. h.; Butts, r. h.; Ryan, f.; West, q.

VAN DEN BERG CONCERT OFF

The Brahm Van den Berg concert which was to have been given before students of Glendale high on the 14th, has been called off. To take its place the entertainment of three one-act plays to be presented by students under Mr. Brewster of the dramatic division of the English department, will be advanced from the date first announced.

FOREST AVE. WIDENING IS DISCUSSED

New Subject Before Glendale Advancement Association Members

HOTEL IS SIMMERING

Railway Campaign to Be Wound Up by Thursday, It Is Reported

About the usual attendance of between 30 and 40 members marked the meeting of the Glendale Advancement association Thursday noon at the Broadway Inn. One new matter was discussed, viz, the widening and paving of Forest avenue. The rest of the session was given to the reports of standing committees, chiefly hotel and transportation.

Mrs. Mabel Tight reported encouraging conversations with Mr. Whitney relative to the proposed hotel and conferences between Mr. Tremaine and Mr. Ambrosini which she believed would result in putting the project through. She also said that Mr. Wilkie of the Universal Construction company, which has the contract, expressed the belief that matters would be so worked out that construction could begin shortly.

Mr. Ambrosini, who was present, when appealed to, said he had been waiting a long time for the project to go through and felt it was time something was done; that he had consented to more conferences which had brought nothing definite, but he had agreed to wait on Mr. Whitney and Mr. Tremaine until Friday. "If it doesn't go through, it will not be my fault," he declared in conclusion. Mr. Ingledue reminded him that others had put in hard work on the proposition and that the committee stood ready to do everything possible to put the proposition over. Later it was intimated that in view of the delay, Mr. Tremaine had expressed a willingness to pay the extra price Mr. Ambrosini felt to be his due and on that basis would be closed.

Mr. Hayselden, chairman of the transportation committee, said he had every encouragement to offer and hoped by next Thursday to be able to announce the campaign for the electrifying of Glendale avenue to be over. He asked, however to be relieved of responsibility for the collecting of pledges. Members expressed their appreciation of his faithful service the the past four months and begged him to remain on the committee and delegate the work to others. He finally said he would prepare the lists to be placed in the hands of collectors.

The improvement of Forest avenue, the southern boundary of the Cerritos school campus, was brought up by Mr. Kinch, who said he understood the city had agreed to pave it. He pointed out that Glendale avenue should have a natural outlet to Brand boulevard and that Forest avenue would provide such a natural egress, but that it should be widened before it is paved. He said he had mentioned the matter to Superintendent Richardson D. White, who had responded he believed the board of education would favorably consider a request to give a reasonable strip of land for the widening of the thoroughfare.

City Manager Reeves, when appealed to, said paving would not begin for thirty days, and the matter of pushing the project was referred to the Glendale Avenue Paving committee of which Dr. Stuart is chairman.

The new station which the Southern Pacific railroad proposes to erect on the site of the present depot with a covered approach to Brand boulevard, as described in the Glendale Press of Wednesday, was discussed and general approval of the wisdom of the company was expressed.

Secretary Nelson reported a communication he had received relative to the Red Cross membership drive from Mrs. John Robert White, local chairman.

Mr. Hayselden as chairman of the executive committee of the local Salvation Army drive, brought that matter to the attention of the organization and asked that a committee of four to work with his executive committee be appointed. He was reminded that such a committee had been appointed in October, composed of Messrs. Fisher, Todd and Page, Mrs. Mercer and Dr. Stuart.

Dr. Russell announced the women's forum meetinf and dinner to be held at the chamber of commerce November 14 at $1 per plate, inviting all present to be guests and enjoy the short program of music and speeches.

WILLYS-KNIGHT IS A FEATURE AT L. A. SHOW

What promises to be one of the best exhibits in the automobile show to be held at Prager Park, Los Angeles, from November 11 to 19 inclusive, will be the Willys-Knight display. The feature of this display will be the "talking automobile.' This car will be equipped with an apparatus which will give the machine the appearance of actually talking. No matter at what side of the machine the spectator stands it will sound as though the car is speaking.

Another feature of this display will be the visible working Willys-Knight motor. The engine, which will be equipped with glas parts, so as to enable the spectator to see all its working parts, will be run by electricity.

Services Sunday morning, Nov 12, at 11 o'clock. Subject of sermon, "Mirrors That Show Us Just What We Look Like." Anthem by the choir, "Unto Thee O God" (Wilson); duet, Miss Vera and Miss Beatrice Sassie, (Selected). At 7:30 p. m. there will be a musical program.

NAZARENE REVIVAL MEETING
The special evangelistic services on the corner of Brand boulevard and Park avenue have been successful in the salvation of souls. Rev. E. A. Clark, the evangelist, is preaching the old time religion. There will be a meeting tonight. Sunday—Sunday school at 2 p. m. Preaching at 3 and 7:30 p. m. The public is invited.

GLENDALE PRESBYTERIAN
"Church of the Lighted Cross"
Broadway at Cedar
REV. W. E. EDMONDS, Pastor
Rev. Louis Tinning, Asst. Pastor
"Who is God? Is He an Immortal Being? Has He Any Right or ert Hand? What About Boot-leg Religion?" The pastor will answer these questions in his Sunday morning discourse, 11 o'clock.

Evening service, 7:30 (organ recital, 7:15). Sermon topic, "The Poisoned Pottage" (Suggests the Virus of Sin). Five-minute pulpit editorial preceding the sermon: "Are Unbaptised Infants Eternally Damned?"

Fully graded Sabbath school, 9:30 a. m. Men's Bible class, city hall, same hour. Men of the city cordially welcome.

Christian Endeavor meetings at 3, 6 and 6:15, for Juniors, Intermediates, Young People, and Seniors. Interesting programs.

Midweek meeting of prayer and praise, Wednesday evening at 8, preceded by the school of missions at 7 o'clock, open to the public in general.

Thursday Morning Bible class for Women, every Thursday morning, 10 to 11 o'clock, in the Sabbath school room of the church, Mrs. A. L. Dennis, foremost Bible instructor in Southern California, teacher. This class is undenominational and interdenominational, and is open and free to all women, of any church or no church.

Musical program for the Sabbath follows:

Morning—Prelude, "Offertoire in G" (Batiste); anthem, "The King of Love" (by request) (Shelley), Miss Mottern, soprano; Mrs. Retts, contralto; Mr. Huddy, tenor; Mr. Riggs baritone; prayer response, "The Soul That Clings to Thee" (Batiste); soprano solo, "Hear Ye, O Israel" from "Elijah" (Mendelssohn), Mrs. LaFayette Goodbar; postlude, "March" (Smart).

Evening— Organ recital: (a) "Barcarolle" (Offenbach); (b) "March aux Flambeaux" (Clark); (c) "A Perfect Day" (Bond); quartet, "Sing Unto God" (Bishop); offertory, "Largo" (Echeze); quartet, "Come Unto Me" (Wilson); gospel solo by Mrs. Retts; postlude, "The Knights" (Volkman).

FIRST LUTHERAN
"The Friendly Church"
Corner Harvard and Maryland
DR. H. C. FUNK, Pastor
"Two Attitudes" will be the subject for the morning sermon by the pastor, at 11 o'clock. Bible school, 10 a. m., J. H. Niebank, superintendent.

A "Luther League Night" program will be given by the young people of the church at 7:30 p. m.

You are cordially invited.

LUTHERAN LADIES PLAN BAZAAR
The Guild, with Mrs. H. C. Funk presiding, met in the church parlor Thursday afternoon to complete arrangements for the bazaar and chicken dinner to be given at the I. O. O. F. hall, Friday evening, Nov. 17. This benefit dinner will go toward the new church to be erected on Kenwood street, near Colorado boulevard.

CENTRAL CHRISTIAN CHURCH
Corner Louise and Colorado Sts.
Clifford A. Cole, Minster; Mrs. Calvin Whiting, Choir Director
This church will begin a series of special revival meetings Sunday with the assistance of the Conner Trio, well known musicians and singers. The trio is composed of Mr. E. G. Conner, director and trombonist; Mrs. Conner, pianist, and Helen Conner Nern, soloist and reader. Sunday evening they will give a patriotic service in memoriam of Armistice Day, in which Mrs. Nern will give "The Star Spangled Banner" in pantomime. All services at the usual hours. Sermon themes, "Who Are the Wise?" "A Voice out of Darkness." Services every night next week except Saturday.
etoic-pur....sC.....?c cmfwyp p p

TROPICO PRESBYTERIAN
The morning sermon by Dr. Winnard will be on the topic, "The Mission of the Church," and in the evening he will speak on the subject of "Excuse Making." The soloist for the morning service will be Mr. J. H. Thomas and the instrumental selections by Miss Rice will include Melodie (Chas. Huerter); Melodie in G Flat (Chas. W. Cadman); and Jubilant March (T. E. Solly). At the evening service the Christian Endeavor choir will lead the music and Herbert Bruck will render a violin solo.

In preparation for the coming series of evangelistic meetings, special cottage prayer meetings will be held in the homes of the church every night this coming week. Dr. and Mrs. Dunlop of Chicago will begin the special services on the 19th.

HI BAND EXCUSED
Boys in the band of Glendale high have been excused from school this afternoon to join the band of Burbank high and participate in the parade and Armistice day exercises by the school today.

If those of the Glendale bank who are members of the National Guard can be excused from marching with that organization, the high school will furnish one of the marching bands of the parade Saturday. They will probably be attached to the school division.

Article No. 7

Original No Trump Bids by First or Second Hand

The original bid of one No Trump by first or second hand is a very different proposition from the bid of a suit under the same conditions. The suit may be bid and usually is, with strength only in that suit. In a No Trump, however, the strength must be well distributed. The reason for this is apparent. When a suit is trump, the high cards of the other suits may be trumped, but without trump, the suits will make unless the bidder can stop them. An original bid of one No Trump, therefore, should not be made unless the bidder has at least three suits protected. The second requirement is the same as for a suit bid; that is, two quick tricks. The following are good example hands that may be bid by first or second hand:

Hearts — A, 6, 3
Clubs — K, 8, 7, 6
Diamonds — 10, 7, 6
Spades — K, 10, 2

Hearts — Q, J, 7, 6
Clubs — A, Q, 7
Diamonds — J, 10, 4
Spades — K, 4, 2

Hearts — A, 6, 7
Clubs — J, 10, 9, 8
Diamonds — A, 4, 2
Spades — 9, 8, 7

Hearts — 9, 7, 5
Clubs — A, J, 10, 2
Diamonds — Q, 7, 6
Spades — K, 10, 7

Hearts — Q, J, 10, 4
Clubs — Q, 7, 6
Diamonds — A, 3, 2
Spades — Q, 4, 2

The above hands all contain at least two quick tricks, distributed in at least three suits. To the novice they may appear to be very weak, but experience has shown that such hands, combined with the one and one-half quick tricks that partner should hold, will average to produce the odd trick. The great value to the partnership in bidding them lies in the information that they convey to partner. The information that the bidder has at least two quick tricks, distributed in at least three suits is of the greatest value to partner, either in making a bid of his own or in doubling opponents if they overbid his partner. The best test of a good pair at Auction is one of doubling. The pair that doubles the opponents most frequently when they are overbidding their hands, is the pair that wins. One of the saddest things that can happen at the Auction table occurs when a player bids a suit or No Trump, opponents overbid, and partner, with a big hand, passes and allows opponents to play the hand undoubled, instead of depending on partner's original bid and doubling. During an evening's play, there are many hands that fail to make contract and of these hands probably only ten per cent are doubled. The experts, on the other hand, will double at least eighty per cent of them. This is possible only when the original bid gives exact information and information that partner can depend on. That is the secret of good Auction and the sound original bid is the basis of it.

There is another type of hand that may be bid one No Trump by first or second hand, and that is one that contains a set up minor suit and an outside Ace. For example,

Hearts — A, 6, 3
Clubs — A, K, Q, 6, 2
Diamonds — 10, 8, 7
Spades — 9, 8

Hearts — 9, 7, 5
Clubs — J, 7, 4
Diamonds — A, K, Q, J
Spades — A, Q, 3

If the minor suit in above example hands had been a major suit, the suit should be bid. Always prefer the major suit to No Trump, if the suit is as good as A, J, 7, 5, 2, or better.

PRETTY WEDDING AT THE BAPTIST CHURCH

Miss Margaret McPherson Becomes Bride of Lawrence Stuart

The First Baptist church on Thursday evening was the scene of a pretty wedding when Miss Margaret McPherson, daughter of Mr. and Mrs. H. A. McPherson, became the bride of Lawrence Stuart, son of Mr. and Mrs. W. A. Stuart of 1007 East Harvard.

A white and green color scheme featured the floral decoration of the church the ceremony taking place in front of the altar beneath a triple arch of white chrysanthemums and greenery, Rev. E. E. Ford officiating and using the single ring ceremony.

The bride was very beautiful in her white satin wedding gown, cut entrain and trimmed with duchess lace. Over it fell her long wedding veil crowned with a pearl encrusted coronet and she carried bride's roses.

She was given in marriage by her father and the flower girls who strewed her path with rose petals were little Louise and Katherine Stuart, gowned in pink taffeta.

Besides her sister, Dorothy McPherson, who was maid of honor, she was attended by four bridesmaids, her cousin, Marian Hindman, Murray Longley, Elsie Tyler and Miriam Rich. Dorothy McPherson wore pink taffeta and the four bridesmaids were in georgette dresses made alike, but in different colors of two tones, Miss Longley's gown being two shades of green, Miss Hindman's orange and yellow, Miss Tyler's tan and apricot, and Miss Rich's orchid and heliotrope. All the maids wore silver ribbon head bands and carried sweet peas.

The bridegroom was supported by his brother, Henry Stuart as best man, the ushers being Allen McPherson, William Stuart, Stanley Walker and Bob Ford.

The bridal party entered to the strains of the Mendelssohn Wedding March, played by Miss Helen Barnard and just before the ceremony, Mrs. Park Arnold sang "I Love You Truly," and "At Dawning."

About 150 invited guests witnessed the marriage which was followed by a reception at the home of the bride's parents at 607 North Central avenue, attended by the relatives and close friends of the bride and bridegroom. They left the same night for the north, where their honeymoon will be spent and will return about the 20th to take possession of a unit in a bungalow court at Brand and Arden avenue, where they will be at home to their many friends. Both have a wide circle of acquaintances that of Mrs. Stuart being enlarged by her close association with many of the teachers in the city schools with whom she has been brought in contact by her work for the board of education. In token of their esteem and affection, members of the board presented her with a very beautiful Tiffany tray, and the principals of the city schools bestowed a lovely silver vase. She was also the recipient of a wonderful array of china, silver, glass, linen, pictures, lamps, furniture, etc., which will go far toward the furnishing of her new home.

—*—

MRS. HANSON IS WOMAN'S AUXILIARY

Mrs. Peter Hanson of 221 Arden avenue entertained the Women's auxiliary of the Congregational church on Thursday, at their regular all-day meeting. Mrs. Albert Anger and Miss Ella Bates were assistant hostesses.

At noon a delicious luncheon was served and was followed by a business meeting. The remainder of the afternoon was spent in sewing for the Santa Claus Shoppe to be held in the basement of the new church, December 7 and 8. Luncheon, dinner and afternoon tea will be served.

CASA VERDUGO METHODIST MISSIONARY WOMEN MEET

The Women's Foreign Missionary society of the Casa Verdugo Methodist church met Thursday night at the home of Mr. and Mrs. R. D. Jones, 332 East Dryden street.

—*—

DIRECTORS OF TUESDAY AFTERNOON CLUB TO MEET

The board of directors of the Tuesday Afternoon club will meet Monday morning at 10 o'clock at the home of Mrs. John Robert White, 347 North Orange street. Applications for membership will be voted upon at that time.

—*—

Y. L. I. IS GUEST OF THE FRANK CLARKS'

The girls of the Glendale Y. L. I. entertained Thursday night with a card party at the home of Mr. and Mrs. Frank Clark, 606 North Orange street.

The Clark home was tastefully decorated in chrysanthemums in the fall colors and the evening was a most enjoyable one. Everyone went away asking when the Y. L. I. would give another card party at Mrs. Clark's home for they had such a wonderful time.

Following an evening of cards, refreshments were served. Mr. Hartman won the gentlemen's prize for "500," and Mrs. O'Neil Farrell the ladies' prize. Miss Buechler won the first prize for whist.

The Y. L. I. have given a number of these affairs, and they are always a huge success, being well attended and everyone having a pleasant time.

SISTERHOOD OF FIRST METHODIST MEET

The Sisterhood class of the First Methodist church met Thursday in the church parlors for their regular class party.

There was a splendid attendance despite the rainy weather. The meeting was opened by the president, Mrs. J. P. Lampert.

Following the business session, Dr. Rasmus, the new pastor, addressed the class, saying that he wanted to get acquainted with all of the branches of the church work and with every person in the church as early as possible, so as to make it possible to get work started for the good of all. Mrs. Rasmus was also present.

Mrs. H. M. Salisbury gave three very pleasing readings, entitled "Who's Afraid," "That Good Fer Nodings Dog," a German reading, and "The Chicken and the Worm," as told by a little girl. These were very good.

A social hour followed the program in which delicious refreshments were served by the following hostesses: Mrs. J. F. Swisher, Mrs. D. D. Haines, Miss Many Marsh, Mrs. C. W. Ingledue, Mrs. D. E. Dietrich, and Mrs. J. P. Lampert.

—*—

HI Y ENTERTAINED BY THE REX KELLEYS

The HI Y Circle was delightfully entertained at dinner Thursday evening by Mr. and Mrs. Rex Kelley at their home at 416 East Lorraine. The guest list included Boyd Taylor, Paul Edmonds, Allen McCormick, Neil McIver, Cecil Wilson and Newton McGillis. An informal social evening followed the dinner.

—*—

PARLIAMENTARY LAW SECTION TO MEET

The Parliamentary Law section of the Tuesday Afternoon club, of which Mrs. C. A. Brandstater is Curator, will meet with Mrs. Homer Lockwood, 725 North Louise street, Monday afternoon at 2:15.

A cordial invitation to join this section is issued to all members of the club who desire to have a working knowledge of parliamentary law. All are urged to attend this meeting or telephone Mrs. Brandstater at Glendale 803-J.

—*—

THE BESTS HONOR THEIR DAUGHTER

Mr. and Mrs. E. R. Best of 1317 South Central avenue entertained Thursday evening with a dinner party in honor of the birthday anniversary of their daughter, Miss Helen Best.

Following the dinner an evening of cards and music was enjoyed. Covers were laid for Mr. and Mrs. J. G. Brown of Los Angeles who also celebrated their second wedding anniversary, Mr. and Mrs. Art Owen, Miss Margaret Overton, Miss Helen Best, and Mr. and Mrs. E. R. Best.

—*—

P. E. O. RECIPROCITY LUNCHEON IS WELL ATTENDED

About 61 members enjoyed the P. E. O. Reciprocity luncheon given Thursday in the banquet hall of Central Christian church. Despite the rainy weather, the four chapters of Glendale and one at Burbank were well represented. The chapters in Glendale are Chapter L, Chapter B. A., Chapter A. H., and Chapter C. J. Burbank's Chapter is Chapter U.

A delicious 1 o'clock luncheon was served by the ladies of the church and following that a delightful program was presented. The P. E. O. colors of yellow and white were used on the long tables and throughout the social hall where the program was presented.

Mrs. Freeman Kelly, as president of the Reciprocity Bureau, opened the afternoon with a talk on "The Educational Fund." Miss Isabel Isgrig from Chapter L then sang a beautiful vocal number.

Miss Martha Winins spoke on "The Reciprocity Bureau—Its Purpose and Value." She also talked on the Monte Vista Home for Undernourished Children at Sunland.

Two other speakers from Los Angeles were expected, but due to weather conditions they were unable to get here. They were Mrs. Patient Beatty, second vice-president of Supreme Board and Mrs. Stella Carver, past first president of California.

Mrs. Noble Ripley from Chapter B. A., rendered a beautiful piano number, which was followed by a talk by Mrs. Faith Story on "P. E. O. Don'ts." Mrs. Story is state corresponding secretary.

Mrs. Dorothy Welcome gave in her usual charming manner a delightful violin solo, accompanied at the piano by Mrs. Alice Gray Wellman from Chapter A. H.

Mrs. Allen of Chapter U of Burbank gave a clever reading. This completed the program and Mrs. Kelly as president of the Reciprocity Bureau thanked the members of the chapters who had served with her on the Bureau, for their faithful service and she expressed her appreciation of their love and kindness shown her while serving as president of the Bureau. The afternoon closed with all joining in singing "God Be With You 'Till We Meet Again."

CITY DADS WADE THROUGH MUCH BUSINESS

Hal Davenport addressed the council asking for relief from storm water at the corner of Cypress and Brand. It was his contention that other culverts should be laid under the Pacific Electric tracks so that more of the storm water could run down the west side of the street. He thought the lowering of the grade at the corner of Park and Brand would send more water down the east side of Brand. If there are not sufficient culverts under the Pacific Electric to accomplish the desired end more should be built, said Mr. Davenport.

City Engineer Dupuy stated that very little additional water would go down the east side of Brand on account of the lowering of the grade at Park and Brand.

Mr. Davenport stated that about 15,000 passengers are transferring from the P. E. buss to the Pacific Electric cars monthly at the corner of Cypress and Brand and these should be taken care of and protected.

A representative of the Gospel Tabernacle was present, asking for a change in the set-back ordinance at the corner of Chestnut and Louise, as the church wants to erect an edifice to seat 1000 people. He was instructed that he would have to get a petition signed by property owners in the immediate vicinity before anything of this kind could be done.

A representative of the northwest section of the city asked for library facilities for that section. The council suggested that the residents confer with the Glendale library board. The city officials, it was stated, will do anything possible to assist in the matter.

The protest against the proceeding on Mountain street was sustained and city engineer and city attorney were instructed to start new proceedings according to the request of the property owners on that street. It was stated that L. C. Brand had signified his willingness to improve his share of the street just as soon as the other property owners were willing to improve their portion.

It was decided to set aside lots 27 and 26, Block 3, Town of Glendale tract, Glendale avenue and Wilson avenue as a commercial district.

The matter of the protest against setting aside as a high class residential district, Kenwood street, from Lexington to Doran, was taken up and the protest was denied. and city attorney was instructed to draft the necessary proceedings.

A petition to set aside as a high class residential district, Orange and Doran streets, was received and Thursday night, November 23 was set as the time for hearing protests against this proceeding.

Protests were denied against the setting aside as a high class residence district of Isabel, from Lexington to Doran, and the next step in this work was ordered taken.

The contractor doing the work on West Broadway was granted an extension of 30 days in the time of doing this work.

A communication from H. H. Harrington asking a refund of lot cleaning assessment, was referred to committee of the whole.

A petition from property owners on Highland, asking that that street be improved with sidewalks curbs, 5-inch macadam roadway: the next step in this work was ordered taken.

Map of Tract No. 5510 was adopted.

A 30-day extension was granted on the laying of pipe on Broadway, between Glendale avenue and Brand boulevard.

An ordinance amending cesspool ordinance was introduced.

The proceedings for the work on West Colorado, Central to San Fernando, were adopted. It is proposed to widen this street and include it in the proceedings for the remainder of Colorado.

The following ordinances were adopted:

An ordinance for opening and widening of Chester street and Pioneer drive.

An ordinance for opening and widening of Harvard street.

An ordinance for the opening and widening of Fifth street.

An ordinance establishing grade on and naming portions of Harvard, Ruberta and Carr drive.

The following resolutions were adopted:

A resolution of intention to improve Gilbert street, Pacific to San Rafael.

A resolution of intention for the improvement of Columbus, Park to Maple.

A motion that three additional firemen be employed, made by Councilman Stevenson, was voted down.

On motion of Councilman Lapham it was decided to increase the first year salary of patrolmen to $130 per month, Councilmar Stevenson voting against the measure.

If you want strictly tailor-made garments, see FRED MINDEN, 108 South Maryland.—Adv.

DUTY

The duty of a retail lumber yard does not consist only in selling lumber. To consider carefully the individual requirements of each customer, to recommend only those materials which satisfactorily fill those requirements.

To conscientiously advise our customers on the various building problems that may arise.

In addition to the above the use of our complete filing system is available, by means of which the prospective builder can get in touch with contractors, carpenters, builders, plasterers and cement workers.

These are functions which this firm consider its elementary duties.

SUNDAY TIMES
Nov. 12 Price 10c

Mammoth Automobile Show Supplement!

The new 1923 models pictured as exhibited at Los Angeles' big automobile show—all about the latest improvements, facts covering every phase of the great automobile industry contained in a giant pink section, double the regular number of pages.

Booth Tarkington—America's Foremost Author—Writes a New Kid Series

These screamingly funny short stories, each complete in one installment, will appear in the Times Illustrated Magazine beginning next Sunday. They will be illustrated by the famous artist, Von Breasser. The first story of the series, entitled "Lawrence and Roger," is packed with wit, human interest, romance and fun.

Nine Billion Dollar Repair Bill.

Frank G. Carpenter, the sharp-eyed traveler, tells astounding new facts about the devastation in France and the colossal sum already spent in restoring the battle-scarred region—enough spent already to give seventy-five thousand dollars to every man, woman and child in Los Angeles! Every parent should encourage his children to read these splendid travel articles, written by a man who knows the earth better than most people know their own town or city.

"The Great Prince Shan"
by E. Phillips Oppenheim

The first installment of thrilling novel of year 1934, depicting a titanic clash between Oriental and Occidental nations.

"The Man Who Talked"

A gripping story by Richard Washburn Child (American Ambassador to Italy), showing that methods which bring success in business do not always win in love.

Henry Ford Gets Into the Heart of His Dramatic Story

"On May 31, 1921, the Ford Motor Company turned out Car No. 5,000,000. It is out in my museum along with the gasoline buggy that I began work on thirty years before and which first ran satisfactorily along in the spring of 1893."

Great Stanford U. S. C. Football Game

Local people will all but see the game with their own eyes by means of the graphic narrative description to be telegrapehd direct from the field by a staff of Los Angeles Times expert sporting writers.

Monkey Craze Sweeping Los Angeles

Not only society belles and movie queens, but hard-headed business men are said to be fans. Report has it that the first great domestic monkey show ever held in the world will be staged in Los Angeles.

Famed Woman Traveler Derides American Beauty

Analyzes the types of women found in various countries, and attacks the claim that girls and women of America excel in attractiveness.

Whence Come Los Angeles Policemen?

What policemen did before they joined the force—what are the real facts about the police force in the largest ctiy on the Pacific Coast?

Local Turks Prove to Be Greeks

Curious facts unearthed by local Turkish investigation. Greek brides arrive by shipload, awarded to husbands "sight unseen."

An Education in Interior Decoration

Intensely interesting full-page department in Times Illustrated Magazine devoted to the home—how to plan, how to buy, how to save.

Childern's Supplement—
New Games, Puzzles, Magic, Stories!

One of the 14 separate sections making up the giant Sunday Times. Printed in tabloid size, devoted exclusively to the little folks, giving all sorts of entertaining and educational features. You'll find it tucked inside the Sunday Times comic supplement.

World's Largest Newspaper—10c

World-wide news from four great news-gathering organizations. Beautiful rotogravure section with full page of local fashions made from actual photographs. Big illustrated farm magazine. Countless articles, items, stories, market reports, charts, diagrams, cartoons and pictures.

NOTICE OF COMPLETION

STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES) ss.

Martha Y. Salyer being first duly sworn, deposes and says: That she is now, and was upon the 1st day of September, 1922, the owner in fee simple of that certain real property situated in the City of Glendale, County of Los Angeles, State of California, and particularly described as follows, to-wit:

That parcel of land being the southwest corner of Lot Eleven (11) Watts Subdivision of Rancho San Rafael, commencing at the southwest corner of said lot thence northerly 150 feet to a point; thence easterly 161 feet; thence southerly 150 feet to intersection of the southerly line of said lot; thence westerly 161 feet to the point of beginning.

That as such owner of said land, affiant, about the 1st day of September, 1922, entered into a contract with J. W. Galer of Glendale for the construction, upon the land described, of a certain improvement, to-wit: Curb and sidewalk.

That said work has been duly constructed and the same was actually completed on the 1st day of October, 1922.

This notice is given in pursuance of the provisions of Section 1187 of the Code of Civil Proceedure of this State.

Subscribed and sworn to before me this 4th day of November, 1922.

MARTHA Y. SALYER.
(Seal) MILDRED MENTZER
Notary Public in and for said County and State.
Los Angeles County, State of California.

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION

SHERIFF'S SALE NO. 108374

LEOTA HOWARD, PLAINTIFF, VS. C. A. KOCH, EDITH KOCH, ET AL., DEFENDANTS.

By virtue of an execution issued out of the Superior Court of the County of Los Angeles, State of California, wherein Leota Howard, plaintiff, and C. A. Koch, Edith Koch, et al., defendants, upon a judgment rendered the 23rd day of October, A. D., 1922, for the sum of Two Thousand Three Hundred Twelve Dollars and Forty Cents ($2312.40) lawful money of the United States, besides costs and interest, I have levied upon all the right, title, claim, and interest of said defendants, C. A. Koch, Edith Koch, et al., of, in and to the following described real estate, situate in the City of Burbank, County of Los Angeles, State of California, and bounded and described as follows:

Northerly 75 feet of Lot 8, Tract No. 3097, as per Book 32, Page 12 of Maps, Los Angeles County.

PUBLIC NOTICE IS HEREBY GIVEN, That I will, on Monday, the 4th day of December, A. D., 1922, at 12 o'clock of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, sell at public auction, for lawful money of the United States, all the right, title, claim and interest of said defendants, of, in and to the above described property, or so much thereof as may be necessary to raise sufficient to satisfy said judgment, with interest and costs, etc., to the highest and best bidder.

Dated this 9th day of November, 1922.

WM. I. TRAEGER,
Sheriff of Los Angeles County.
By W. T. Osterholt, deputy sheriff.
Harry Lyons, plaintiff's attorney.

CITY PRINTING

NOTICE OF HEARING PROTESTS AGAINST THE OPENING AND WIDENING OF PACIFIC AVENUE

Notice is hereby given that protests have been filed with the undersigned City Clerk of the City of Glendale, against the opening and widening of Pacific Avenue from the northerly line of Broadway to the northerly line of Tract No. 2434, as per Map recorded in Book 22, Page 61, of Maps, Records of Los Angeles County, California, in the manner contemplated by Ordinance of Intention No. 667, passed by the Council of the City of Glendale on the 28th day of September, 1922, and that the said Council has fixed Thursday, the 23rd day of November, 1922, at 8 o'clock p. m., at the City Hall, No. 619 East Broadway, near Glendale Avenue, as the day, hour and place, when and where such protests may be heard.

Given by order of said Council made this 8th day of November, 1922.

A. J. VAN WIE,
City Clerk of the City of Glendale.

11-8-22—5t

NOTICE OF HEARING APPEALS FROM ASSESSMENT FOR IMPROVEMENT OF BRAND BOULEVARD

RESOLVED: That all appeals from the acts and determinations of the Street Superintendent in making and issuing his assessment and warrant for the costs and expenses of improving the easterly roadway and the westerly roadway of Brand Boulevard between the Southerly line of Colorado Street and a line drawn across Brand Boulevard one hundred thirty-eight and twenty-one hundredths (138.21) feet southerly from and parallel to the easterly prolongation of the southerly line of that portion of Windsor Road lying west of Brand Boulevard, as described by Resolution of Intention No. 1470, adopted and approved by this Council April 24th, 1922, shall be heard by this Council on the 16th day of November, 1922, at 8 o'clock p. m., at the Council Chamber of said Council in the City Hall, No. 619 East Broadway, in the City of Glendale, and the Clerk is hereby directed to publish notice of the time and place of said hearing, in form required by law, for five (5) days in the Glendale Daily Press, the official newspaper of said City.

I, A. J. Van Wie, certify that the above Resolution is a true and correct copy of Resolution adopted by the Council of the City of Glendale, October 30th, 1922.

A. J. VAN WIE,
City Clerk of the City of Glendale.

11-9-22—5t

NOTICE TO CONTRACTORS

Sealed bids are hereby invited and will be received at the office of the City Clerk of the City of Glendale up to 7:00 p. m., November 20, 1922, for the installation of pipes, fittings and appurtenances for Municipal Improvement District Number 6, of the City of Glendale, in accordance with specifications therefor filed in the office of the City Clerk of said City, November 6, 1922, and endorsed, "Specifications for Gas Pipe and Fittings for Municipal Improvement District No. 6 of the City of Glendale."

Each bid must be accompanied by a certified check or bond in the sum of at least 10 per cent of the amount of the bid.

Dated this 9th day of November, 1922.

A. J. VAN WIE,
City Clerk of the City of Glendale.

COMMUNITY XMAS IS APPROVED BY KIWANIS

The Glendale Kiwanis club will be behind a community Christmas tree. This decision was unanimously reached today at noon when Herman Nelson, manager of the Glendale branch of the Pacific Southwest bank brought the matter up for discussion. President Clark will name committees at the next meeting of the club, and an old-fashioned community tree will be put on by the Glendale Kiwanis club.

The club went on record endorsing the Salvation Army drive and C. W. Ingledue, Chas. Stuart, Sid Brown and Lyman Clark volunteered to assist in the drive.

President Clark made a short report on the big Kiwanis convention at San Francisco, to which hims lf, Sid Brown and Bill Bode were delegates. He will continue the report at the next meeting of the club, Friday.

ST. MARK'S LADIES MEET NEW RECTOR AT GATHERING

The ladies of St. Mark's Guild met Thursday afternoon in the Guild hall, with Mrs. Mortimer Baker, president, in charge. The new rector and wife, Rev. and Mrs. Phillip Kemp were guests of the afternoon.

The ladies spent their time quilting and sewing, and arrangements were completed for the food sale to be held Saturday, November 11 at Gregg's Hardware store, 107 N. Brand boulevard, commencing at 9 o'clock.

Final arrangements were made for the Guild's big dinner-dance to be given November 15 in the Odd Fellows' Hall. Further announcement will be made later.

PURITY BAKERY OPENS BRANCH IN GLENDALE

The Purity Bakery, 716 East Broadway, is branching out, and has opened Purity Bakery No. 2 at the corner of Glendale Avenue and Colorado Street. Already the business given Messrs. Cress & Palmer at their new bakery has demonstrated that there was a demand for a bakery on this corner.

The business of the Purity Bakery at 718 East Broadway has grown rapidly during the past two years.

Bread Is a Safe, Economical Food

Digestive disorders follow the use of many kinds of food. There is never any such trouble about bread.

While it furnishes perfect nourishment for the hardest worker, it is equally satisfactory as a food for the invalid. It is not without reason that bread has been known through the ages as the perfect food, the staff of life. The family which eats plenty of good bread is usually a healthy family.

Careful mothers avoid the rich, heavy foods which often are as injurious to adults as to children. They make bread a conspicuous article of the family diet.

Our Salt Rising Bread is a better bread, made in a better way. For health, eat more bread and for real enjoyment, choose OUR bread. You will like these big, crusty, brown loaves. Take home one of them tonight.

Avoid Imitations and Substitutes

Mrs. H. Torrey of 218 West Doran street has just returned from a business trip to New York. She was gone five weeks and returned Wednesday. Mrs. Torrey states that they were snowbound in Wyoming and the train was 21 hours late.

Mrs. S. Houdyshel of 308 North Orange street, who has been ill at the Glendale hospital and sanitarium, is expected to return home today.

Maid o' Clover BUTTER

FROM mountain pastures—where the grass is always green, the water pure and the air wholesome—comes the selected cream that is made into Maid o' Clover Butter. Then a quick trip to a modern, sanitary creamery, where "the cream of creams" is churned by expert butter makers.

Butter Leadership

Besides being a leader in quality, Maid o' Clover Butter led the way in introducing to the people of Southern California the convenient idea of packing butter with four separately wrapped quarters in each one pound package.

For your own protection, insist on getting the genuine Maid o' Clover Butter.

Money to Loan

PICK OUT YOUR HOUSE
Anywhere in Glendale or San Fernando Valley
I'LL HELP YOU BUY IT!

If you can spare $30 per month, ($1 per day) above your present expenses I will help you finance the purchase of a $5000 home.

By this method my clients find that they obtain lower prices from owners; they are paying their rent to themselves; they are paying several hundred dollars less interest and they are acting as their own broker and banker.

I will help finance the purchase of any property to cost from $1000 to as high as you care to go at less than 6 percent net cost to you for the use of the money needed and all services rendered. The payments you can make each month will govern the extent to which I can serve you.

GARDENA CROSSING FIGHT IS BEFORE COMMISSION

City Seeks to Force Pacific Electric to Put in Flagman

The City of Glendale wants to extend Gardena Avenue across the tracks of the Pacific Electric Railway Company and has applied to the Railroad Commission for the necessary authority. The crossing is said to be necessary to relieve travel congestion on Brand Boulevard. The railway company has offered to convey to the city a right of way for the proposed crossing, stipulating, however, that the city shall construct and maintain a crossing at its own expense and also install and maintain an automatic flagman. The city is not willing to install the automatic flagman and asks the Railroad Commission to order its installation by the railway company.

ARMISTICE DAY IS CELEBRATED AT HIGH

Beautiful and impressive was the Armistice day program presented at the high school this morning three times before packed assemblies.

The pageant of nations that participated in the war personated by pretty girls in white gowns draped with the flags of the countries they represented and making their appearance on the stage in the order in which they entered the war, was an inspiring feature. The text of the explanation given by each as the compelling reason for her participation in the conflict was in blank verse of majesty and dignity, which reflected great credit upon Miss E. C. Magnussen and Miss Hill of the English department, who prepared it. Miss Rensch was in charge of the costuming and Miss Maude Soper, head of the English department, presided.

ROTARIANS HEAR OF SCHOOL BOND MASS MEETING

Superintendent White Tells of Crowded Conditions Requiring Solution

Twenty-nine Rotarians attended the regular noon-day luncheon and meeting on Thursday at the chamber of commerce auditorium.

The program, which proved most interesting, was in charge of Bill Hunter, chairman of the program committee.

The regular business session was held the early part of the meeting and Dick White called the members' attention to a mass meeting which is scheduled to be held next Thursday night to consider the advisability of calling a bond issue to take care of the city school problem. The meeting is to be held at the Wilson avenue school at 8 p. m. George Moyse made an announcement of the Armistice day football game between the Glendale high school midgets and Citrus midgets, this game deciding the championship of the Central league.

Announcement was made that the following new members had been elected to membership: Ed Nisle, James A. Newton, R. E. Downing, J. G. Huntley.

Art Dibbern presented the proposition of closing on Armistice day and made the remark that he considered it the duty of every storekeeper and business man in town to close on that day. On account of the proposition being taken up so near the day, no action was taken.

A letter was read from the Boy Scout council requesting that the Rotary club furnish a Rotary banner as a prize to be competed for in some scout activity and the club voted that a banner be purchased.

A letter was also read from Ed Phillips, one of the members, thanking the club for a birthday remembrance they had sent. Owen Emery also having had a birthday since the last meeting, thanked the members in person. It is the custom of the club to send the members on their birthday a rosebud in a glass vase.

An invitation was read from the Monrovia Rotary club advising that they had reserved six places for local Rotarians to attend a banquet which is to be given in honor of their charter arriving. The banquet is to be held next Wednesday night.

Announcement was made that the steamship Alexandria, which is to take the Rotary club members to Honolulu on January 15, would be open for inspection by the members at Washington and that reservations could be made at that time.

Dan Kelty was appointed correspondent to district governor Jack Williams, his duty being to handle all the correspondence between the Glendale club and the district governor.

The members were handed two pamphlets covering an address by Charles E. Barker. The topic of one was "A Mother's Responsibility to Her Daughter," and the other, "A Father's Responsibility to His Son." Upon the request of George Moyse a motion was passed that the Rotary club purchase enough of these pamphlets to give to the high school students for them to present to their parents.

Bill Howe invited all the members and their wives to attend his theatre as his guests last night to see Harold Lloyd in "Grandma's Boy" and a two reel classic, "The Beggar Maid."

This completed the business and the following program was presented: Miss Hazel Linkogel gave four violin solos in her usual charming manner. She was accompanied by Paul Carson. Wilbur Herwig, who has just recently established a studio in Glendale, sang several tenor solos. Mr. Carson also accompanied him.

France Henry led the community singing and everyone voted that it was an exceedingly enjoyable meeting.

Dick White composed a verse to one of the most popular songs that the Rotarians have. Other Rotarians were called upon to add verses to this song, the words to be along constructive lines.

Mr. White's verse is as follows:

When it's Rot'ary calling,
Tho' the tasks' appalling,
Start it with a smile.
When your heart is aching,
And your back is breaking,
Work on with a smile.
Thus your task achieving,
Smiling, never grieving—
Finish with a smile.
Service brings rejoicing,
Rot'ry motto voicing—
"Service With a Smile."

LITTLE PRESS WANT AD WORKS HARD FOR ITS PAY

Tujunga, Calif.
Nov. 7, 1922.

Glendale Daily Press,
Glendale, Calif.

Gentlemen:

Enclosed please find check for amount of bill.

Our ad in your paper brought results, far beyond our expectations and it did the work fine,

Very truly yours,
GARMON & SON.

Foley's Friendly Fancies

JAMES W. FOLEY

TODAY

My spirit to be stronger
Every day,
To smile a little longer
Every day.
To sing with rhyme and meter
That may be the fuller, sweeter,
And to feel life is completer
Every day.

To faults a little blinder
Every day;
To friends a little kinder
Every day.
The heart a bit more tender,
A bit more aid to render,
And the better know life's splendor
Every day.

To do my share of gleaning
Every day;
To know life's richer meaning
Every day.
To check in me the madness
Of desire and greed, meet sadness
With stout heart and find some gladness
Every day.

To have friends who shall be near me
Every day;
To have work to lift and cheer me
Every day.
To find me flowers for strewing,
To put by regrets and ruing,
And to do the things for doing
Every day.

CHILDREN'S DAY AT LIBRARY BRANCH

Children's week at the branch library, November 12-18, will be featured by an exhibit of very choice new books suitable for Christmas gifts, and the distribution of well annotated lists including these books and others with the publisher and price of each.

The books in this exhibit will not be placed in circulation until after Christmas, so that they may be of service to all in making their selections for Christmas gifts.

Among the new things at the library one of unique interest is "Love and Friendship," by Jane Austen, that pioneer of the modern novel. It consists of sketches and letters written during the early part of her life and printed from manuscript quite recently discovered. An interesting feature of the book is the decoration of the end sheets consisting of portraits of noted persons reproduced from miniatures painted by one of Miss Austen's sisters.

"Up the Mazaruni for Diamonds" by LaVarre, is an interesting account of travel, adventure and diamond mining in South America.

"My Lady of the Chinese Court Yard," by Elizabeth Cooper, gives an excellent picture of the social life of the better classes in China.

"Alaska Man's Luck," and "My Alaskan Idyll," by Rutzbeck, are the real stories of the author's pioneer experience and his love romance in the north country.

"The Northward Course of Empire" by Stefansson deals with the same region.

A new books of games and parties by Walcott is full of original ideas for entertaining.

"Atolls of the Sun" is said to be the best of O'Brien's books thus far.

"Evolution, Genetics and Eugenics," by Newman, is a scholarly treatise on that subject.

"Books and Characters," by Lytton Strachey is the last work by that author.

RUB RHEUMATIC, ACHING JOINTS AND STOP PAIN

St. Jacob's Oil stops any pain, and rheumatism is pain only.

Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating St. Jacob's Oil right into your sore, stiff, aching joints, and relief comes instantly. St. Jacob's Oil is a harmless rheumatism liniment, which never disappoints, and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest St. Jacob's Oil at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. St. Jacob's Oil is just as good for sciatica, neuralgia, lumbago, backache, sprains.—Adv.

Mrs. S. J. Latham and grand daughter, Miss Leah West from Wisconsin, now living at Los Angeles, spent Thursday afternoon at the home of Mrs. H. M. Lauderdale 334 West Doran street. Mrs. Lauderdale knew Mrs. Latham back in Wisconsin and they spent a pleasant afternoon talking over old times.

NOTICE OF STREET WORK

Public notice is hereby given that the Council of the City of Glendale on the 2nd day of November, 1922, did at its meeting on said day, adopt Resolution of Intention Number 1732, declaring as follows:

Be it resolved by the Council of the City of Glendale:

SECTION 1. That the public interest and convenience require and it is the intention of the Council of the City of Glendale to order the following work and improvement to be done, to-wit:

First: That Adams Street from the easterly prolongation of the southerly line of Lot A, Tract No. 1374, as per Map recorded in Book 18, Page 100 of Maps, Records of Los Angeles County, to the westerly prolongation of the northerly line of Lot 25, of said Tract No. 1374 and the westerly half of Adams Street from the westerly prolongation of the northerly line of said Lot 25, to the easterly prolongation of the northerly line of Lot 5 of said Tract No. 1374, including all terminations of streets or alleys, except those portions which are already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with Plan No. 594, Profile No. 869, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 39, except that three gallons per square yard of seventy-five per cent (75 per cent) oil shall be used in the base, one gallon to each application.

SECTION 2. That said contemplated work or improvement in the opinion of said Council is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described, and said Council hereby declares that the district in said City of Glendale benefited by said work or improvement and to be assessed to pay the costs and expenses thereof is all that portion of said city included within the following exterior boundary lines, to-wit:

Beginning at the northwesterly corner of Lot 5, Tract No. 1374 as per Map Recorded in Book 18, Page 100 of Maps, Records of Los Angeles County, California; thence easterly along the northerly line of said Lot 5 and its easterly prolongation to the easterly line of Adams Street; thence southerly along the easterly line of Adams Street to the most northerly corner of Lot 25 of said Tract No. 1374; thence easterly along the northerly lines of Lots 25, 24 and 23 all of said Tract No. 1374 to the northeasterly corner of said Lot 23; thence southerly along the easterly line of said Lot 23 to the northerly line of North Adams Place; thence southerly in a direct line to the northeasterly corner of Lot 13 of said Tract No. 1374; thence southerly along the easterly line of said Lot 13 and its southerly prolongation to the northerly line of Lot "D," Tract No. 1026, as per Map recorded in Book 17, Page 70 and 71 of Maps, Records of said County; thence westerly along the northerly lines of said Lot D and its westerly prolongation across Adams Street and along the southerly line of Lot A of said Tract No. 1374 to the southerly prolongation of the westerly line of said Lot 8 of said Tract No. 1374; thence northerly along the westerly lines of Lots 8, 7, 6, and 5 of said Tract No. 1374, to the point of beginning, excepting therefrom any portion of any public street or alley which may be included within the above described district. Reference is hereby made to Plan No. 594 A, approved by the Council of the City of Glendale and now on file in the office of the City Engineer, which indicates by a red boundary line the extent of the territory to be included in said assessment district and which shall govern for all details as to the extent of the said assessment district.

SECTION 3. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described herein, and to be assessed to pay the costs and expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of such lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 4. All Maps, Cross-sections, Plans and Profiles referred to herein are on file in the office of the City Engineer of said City. All Specifications referred to herein are on file in the office of the City Clerk of said City. Said Map, Plans, Cross-sections, Profiles and Specifications are hereby referred to for a more particular description of said work and made a part hereof.

The district to be assessed to pay the costs and expenses of said work and improvement is described in said Resolution of Intention No. 1732 to which said Resolution of Intention reference is hereby made for further particulars of said work.

BEN F. DUPUY,
Street Superintendent of the City of Glendale.

SEE THE DOBLE STEAM CAR — SEE THE DOBLE STEAM CAR — SEE THE DOBLE STEAM CAR

Doble Steam Motor Car

The Facts

That make the Doble Steam Motors Corporation the OUTSTANDING Investment of years:

INVESTMENT FEATURES

THE CORPORATION: The Doble Steam Motors Corporation is a Delaware Corporation with no preferred stock, having 500,000 shares of CLASS "A" STOCK at a par of $10.00 per share, and 50,000 shares of CLASS "B" COMMON. The stock is non-assessable and there is no stockholders' liability.

The owners of Class B Common stock have waived their right to receive dividends on said Class "B" Common Stock so long as the same is required to be held in escrow and until further order of the Commissioner of Corporations of the State of California, until all holders of Class "A" stock have been paid dividends at the rate of eight (8) per cent per annum to be culminative after Jan. 1st, 1924. The company has no indebtedness, no bonds and no liabilities, other than common stock now issued.

PATENTS and LICENSES: The Doble Steam Motors Corporation will operate under the patents and patent licenses of Abner Doble and Doble Laboratories to manufacture pleasure cars, trucks, tractors, motors, etc. It will be the only company licensed under all the Doble Patents having the right to use the word "Doble" in the name of its product.

ORGANIZATION: The remarkable Doble car is the product of a remarkable organization. The engineering staff, headed by Abner Doble in person, and built around such well-known steam and automotive engineers as A. B. Domonske and Rene Vidalie, is undoubtedly the foremost steam motive engineering staff in the automotive world today. Department heads have been with Abner Doble through his years of experimental work and car building and are so closely associated with Doble standards of steam construction that they carry a large share of the responsibility and credit for the craftsmanship in the Doble Steam Motor Car.

PROFIT: The element of profit of Doble Setam Cars is probably larger than upon any automobile manufactured today. Simplicity in construction furnishes the reason.

The purchaser of an automobile is buying a certain classification of service. A Steam Car of the same wheelbase and power, able to out-perform and out-demonstrate any gas car of proportionate wheelbase, power and price, can, with the simple steam construction, be built at substantially lower cost.

The Doble Steam Car is on exhibition at 828 South Broadway, Los Angeles, from 10:00 A. M. to 10:00 P. M. daily except Sunday. See this remarkable car today!

I have only a limited block of stock for sale. I believe this stock has the greatest profit possibilities of any stock offered in the automobile industry in years.

LUBRICATION IS BIG WINTER PROBLEM

At this time of year when autumn days are beginning to draw in and mornings and evenings are chilly, even if the middle of the day is warm, a little advice on lubrication is particularly pertinent. Cool weather brings certain problems in lubrication that are not so important when the weather is warm and the motor car owner must be prepared to solve these or he will be in danger of having serious trouble.

In cold weather the processes of combustion induce the formation of an extra quantity of water. Combustion always produces some water, but in cold weather the process is accelerated. This water leaks down past the rings and pollutes the oil in the crankcase, causing it to lose much of its lubricating quality, to the detriment of the parts it is supposed to protect. As much as three pints of water may accumulate in a seven-quart crankcase. We leave the reader to imagine the effect on parts moving at high speed, and protected only by such heavily diluted lubricant.

Such faulty lubrication will produce excessive wear of the parts that need the protective film of oil. Cylinders may be scored, pistons, rings and bearings injured and even cracked as a consequence of neglect of frequent changing of cylinder oil. During cold weather the oil in the crankcase ought to be changed every 1000 miles of running, and every 500 miles would be better.

Especially is all this true of the new car. The buying season for closed models is now in full swing and the treatment that a new car gets during its first 1000 miles has much to do with its whole later existence. For the first 1000 miles the car should not be run at a greater speed than twenty miles per hour. It is not necessary to use a lighter oil than will be used after the car is run in, although this is a popular fallacy. Change the oil after 500 miles of running and again at 1000 miles.

As the parts of the new car wear in, clearances are increased just a tiny bit. After this has occurred, there will be very little wear of the moving parts, if they are kept properly lubricated. This means that the owner has the life of his car in his own hands.

We may sum up the lubricating problem about as follows:

1. Get the best engine oil of the grade recommended by the manufacturer of the car, who has spent much money experimenting to find out which oil gives the best results in his engine.
2. Always use that oil regardless of the age of the engine, but changing for warm and cold weather, if the manufacturer of the car recommends this practice.
3. Drain the crankcase every 500 miles or 1000 at the outside, drop the oil pan, clean it and refill with fresh oil.

A HELPFUL HINT.

When a nut cannot be removed with an ordinary wrench, heat the wrench and allow it to remain on the nut for a period. The nut can then be removed without much trouble, as the heat will expand it before the bolt to which it is secured is warmed.

KEEP RADIATOR CLEAN.

The radiator must be kept free from oil, otherwise the outside passages will quickly accumulate dust which will cut off the free flow of air and reduce the radiating surfaces. The same effect comes when the front of the radiator is too thickly smeared with ink.

In China, Shanghai has approximately 2,500 motor vehicles, or more than three times the total of horses. Coolie-drawn rikishas total 16,000.

CLUBS ARE AFTER GASOLINE THIEVES

The short-measure gasoline artist must go.

This form of hold-up, the delivery of less gas than is paid for, has reached such proportions throughout the United States that it can be stopped only by intensive and concerted action, and by taking radical steps. The National Motorists' Association has set itself to the task of remedying this evil.

Recent tests with fraud-detecting devices, carefully made under official auspices, principally in Cleveland, Louisville and Kansas City, by representatives of automobile clubs, affiliated with the N. M. A., developed the astounding fact that out of a number of purchases of gas in five-gallon lots, there was a shortage running from one to three pints each in over 50 per cent of the tests made. It is gratifying to note, however, that in one large city where a considerable number of tests were made, short measure was reported in but one or two cases.

The task of exposing and prosecuting those who give short measure will not be an easy one, but that the effort will be relentless, is evidenced by warrants for arrests issued at the instance of N. M. A. officials. The spotlight of publicity will continue to be thrown upon the practice to a point where the motorist, warned of the danger, will be on the alert to the fact that he is not victimized.

It is estimated that each of the 10,000,000 motorists of the United States buys two gallons of gas a day, making a total of 20,000,000 sold. On the basis of a shortage of two pints to every five gallons, this would mean that filching is going on daily to the tune of 1,000,000 gallons. Fixing an average price of twenty-five cents for the product, this shortage if reduced to terms of money, would represent a loss to the motoring public of $250,000 per day or $90,000,000 a year, which is more money than is now appropriated annually by the Federal government for good roads.

The tests being made usually cover a period of several days, and are taken by means of a specially equipped automobile. Purchases are put in a special tank. An official five-gallon measure, with a device to record shortages, is carried with other apparatus, in an official city truck which is kept out of sight around the corner. Purchases are followed by immediate tests to determine the actual quantity of gasoline in the special tank.

No evidence has been found that the fraud is countenanced by the oil companies and in fact, offers of assistance are being received from such companies.

It is but natural that in this connection the question should be asked: "Why should a shortage always result when pumps get out of order?" If the fault is entirely mechanical it seems logical to believe that it would result just as often in the pumps giving over measure. In other words, it is suggested, when a pump slips out of order, it should not always slip in favor of the filling station.

NEED MORE ROOM FOR ROADSIDE MARKETS

The attention of the N. M. A. has been called to the danger growing out of the practice of motorists in drawing up at the side of a highway for the purpose of patronizing some one of the many roadside markets which are springing up as the result of increased motor traffic. It is pointed out that serious accidents are being caused and others narrowly averted, due to this practice, particularly where the roadway is limited in width.

The roadside market is a unique and interesting development of the highway movement, and there is no intention on the part of the N. M. A. to seek to discourage it. In fact, it is proving a boon to motorists. But highway commissioners, in taking cognizance of the chances for accidents being increased when a car stops at a point where it is dangerous for others to pass, are suggesting that vendors establish themselves where it is possible for purchasers to park their cars entirely off the roadbed.

Some Interesting Automobile Facts

One of the largest oil and gasoline distributing companies in the United States owns and operates 1177 motor trucks, representing an investment of more than $3,000,000.

Automobiles stolen in this country each year are estimated to value $100,000,000.

Members of the police department of Rio de Janeiro, Brazil, are being supplied with motorcycles.

There are 10,412,688 motor vehicles in the United States, or one machine for every 10,152 persons.

The highways of the United States total more miles (2,500,000) than nearly all the rest of the world put together.

In Japan, the annual tax for automobiles ranges from $400 on the cheapest cars to $1500 on ones of higher class.

Massachusetts has 57,703 motor trucks, with which equipment it is possible to transport 6,000,000 ton miles of freight every day.

OLD APACHE LOOP NOW OPEN TO PUBLIC

The Apache Loop comprising a hard surface highway from Globe to Phoenix by way of the Apache Trail and back to Globe by way of the Miami-Superior Highway, the opening of which has long been awaited by lovers of mountain scenery, is now a reality.

Recent reports from that section give a brief indication of the marvels of mountain, canyon and fertile farm land. The way leads along an ancient thoroughfare—today the oldest highway in America—wending its way some twenty miles through fertile farm and fine dairy ranches. Then the scene changes and one rides out through a great expanse of desert lands where on either side there is a vast growth of cactus, greasewood, manzanita and that bush beautiful, the palo verdi, the road swinging for some fifteen miles with the mighty Superstition Mountain acting as a giant guiding post.

From the foot of the mountain the road starts climbing up over the range and at times over high rock ridges, and then through abyssmal canyons of gold, purple and bronze, eventually reaching the crest of Fish Creek Hill, where a wonderful panoramic view of the entire country greets the tourist. The beautiful coloring of the rock strata and weird contortions of the mountains and canyon walls are well nigh indescribable.

From Fish Creek, the road drops down a long grade to the Great Salt River gorge, running eight miles on the banks of the river, and then up the side of the mountain again where the first view of Roosevelt Dam is obtained.

The dam imprisons the waters of Roosevelt Lake—one of the largest man-made bodies of water in the world, some thirty miles in length, four miles wide and considerably over 200 feet in depth. The ride back from Roosevelt Dam to Globe, Miami and Superior, while replete with beautiful mountain scenery is through a more open country. The copper industry at these towns is well worth visiting, while the excellent condition of the road makes the trip an unalloyed delight.

UNIFORM SET OF MOTOR LAWS ADOPTED

Organization of the Pacific States Motor Vehicle conference and unanimous indorsement of the uniform motor vehicle law were the two outstanding accomplishments of motor vehicle officials from seven Pacific States and British Columbia, who met in Portland in a two days' conference recently.

This is according to the report brought from the meeting by Director C. J. Chenu of the California Motor Vehicle Department, who was made a member of the executive committee of the conference, which will draft the uniform motor vehicle law and transact such other busines as shall come before the conference.

Motor vehicle officials were present or represented from the following states:

Washington, Oregon, California, Idaho, Utah, Montana, Nevada and British Columbia.

The executive committee chosen by the delegates is composed of the following:

A. Kozer, secretary of State for Oregon, chairman; L. D. Macardle, department of efficiency, for Washington; H. E. Crockett, secretary of State, for Utah; Robert O. Jones, secretary of State, for Idaho, and C. J. Chenu, director, division of motor vehicles, California.

The uniform law proposed, Chenu says, is 90 per cent the California law, which was recognized as near perfection as possible. It was unanimously agreed that dealers should not be permitted to use dealers' licenses in a state other than the one in which it is issued.

The Massachusetts headlight law probably will be written into the uniform motor vehicle law, and in this particular the California law will be subject to amendment. The weight and speed of trucks was also discussed and definite action will be taken in that line.

The California speed law of 35 miles on the open road was favored by the delegates over the 30-mile limit in the northwest.

Chenu spoke to the conference upon auto thefts, auto lights and the need of uniform requirements, and also upon non-resident registration. He contrasted the motor vehicle registration fee charges in California with those in Oregon. A Ford car there carries a fee of from $15 to 25, while in California the fee is $8.80.

Busses Will Feed Grand Rapids Road

Installation of autobusses as feeders for lines of the Grand Rapids Railway Company has been definitely promised by Louis J. DeLamater of the railway company. The promise is contingent upon approval by the voters of a 30-year franchise for the company.

CERTIFIED
--the Seal of Satisfaction

CERTIFIED USED CARS * SEAL OF SATISFACTION *

Every motor car you see on the street is a Used Car. Some cars have been used more than others. A good used car is often a better purchase than a cheap new one: This is especially true, if sold by a reliable motor car dealer.

You can now buy a used car with the absolute certainty that it is exactly as represented. A signed certificate of value goes with every used car we sell. The seal on this certificate is the seal of your entire satisfaction. The last element of uncertainty has been taken out of the purchase of a used automobile.

You can select a fine car from the many in our used car stock now, with the same confidence that you have in the purchase of any article of known and positive value. Come in and see our splendid assortment of fine used cars, all priced at new, low levels. And remember—every one is certified.

THE SEAL OF SATISFACTION PROTECTS YOU

On the certificate which we give to the purchaser of a used car, there is a seal—we call it "The Seal of Satisfaction." This certificate and the seal and the signature upon the document establish with absolute certainty the condition of the car you buy. You are going to be satisfied because you know exactly what you are buying. You can take pride in the ownership of any of the fine cars we are now offering because every one is certified and sealed with "The Seal of Satisfaction." Come in and see them.

INVITES COMPARISON

With automobiles, as with everything else, "There is nothing great, or small, save by comparison."

The more careful the comparison, the more fully will Chalmers superiority be revealed.

You may invest a little more than you expected, because you find in the Chalmers so much greater value, at so slight a difference in price.

Or you may spend less, because all that you ask or receive from more costly cars you find equally in the Chalmers.

In either case you have profited by investigating.

EVERY CAR YOU SEE IS A USED CAR

Every motor car you see on the street is a used car. Some cars have been used more than others. A good used car is often a better purchase than a cheap new one; this is especially true, if sold by a reliable motor car dealer.

A new and unique sales plan for used automobiles is announced by the Glendale Motor Car Company, 124 West Colorado street. Under this plan every purchaser of a used car receives an engraved certificate signed by the Glendale Motor Car company, which sets forth the actual condition of the car and certifies to the facts thereon stated.

From this comes the name, "Certified Used Cars," which the Glendale Motor Car company applies to every used automobile sold by them under this sales policy.

The certificate bears a seal, called the "seal of satisfaction," and the purpose of the plan is to give the used car buyer an absolute assurance that he is getting a car exactly as represented.

There have been many plans devised for selling used cars, but few that were devoted to the reassurance of the purchaser. "Certified" used cars seem to squarely meet the purchaser's requirements and to establish the same degree of confidence and certainty that applies in the purchase of a new car.

"There is absolutely no reason why any man cannot safely buy a used automobile," says Lyman P. Clark of the Glendale Motor Car company.

"The value is there in a good car, carefully inspected and thoroughly tested. We pledge the entire resources of this organization to insure the satisfaction of our used car customer and our certificate will, we believe, clear up all the uncertainty that has heretofore been associated with the purchase of a used automobile."

CHEVROLET TRUCK SOLVES BIG PROBLEM

Economical light haulage is an ever-pressing problem with many merchants, farmers, truckers and others. Where to start and where to end in the matter of capacity worries not a few potential purchasers of trucks. It is patent that the purchase of a large truck for light work is a waste in the initial investment, will continue to be a waste in the matter of maintenance and will eventually force up the overhead of any business man or firm employing such a conveyance.

Light haulage, however, has been solved. Economy of operation and small investment have been featured in the new Superior Chevrolet light delivery truck.

"Full equipment, in the case of this car, means not only full mechanical equipment, but also a sturdy express body with curtains, flexible windows and plate glass ventilating windshields," says C. L. Smith, Chevrolet agent in Glendale, corner Orange and Colorado. "The driver's seat can be entered from either side and an extra tire carrier is attached to the side of the body.

"This car offers the most for the money of any light delivery on the market and costs least per mile for operation and maintenance. It must be remembered that the price includes the body and top, mounted, ready for use.

"Trial and comparison sell it every time, because its economy and superiority are obvious. It is especially popular with farmers, truckers and for miscellaneous light haulage. At small additional cost it can be obtained with two extra cross seats for hotel or jitney uses, seating eight to nine passengers."

HIGH SCHOOL BOYS VISIT DURANT PLANT

Forty-three students of the Motor Vehicle department of the Sacramento high school made a trip of inspection through the new $3,000,000 plant of the Durant Motor company of California this week as guests of R. C. Durant, president of the Durant Motor company of California.

Through the courtesy of J. H. Reeves, manager, and R. J. Mallet, sales manager of the Earl C. Anthony, Inc., at Sacramento, the students were transported to Oakland in a fleet of Durant automobiles. Leaving the capitol city at 5 o'clock in the morning, the future automotive manufacturers and engineers arrived at the Durant factory after an enjoyable trip of four hours over the Lincoln highway via Stockton and through Dublin canyon. Upon their arrival at the factory they were received by Factory Manager George R. Scott, C. M. Steves, vice president and general sales manager, and [illegible] comptroller of the Durant Motor company of California. A member of the engineering staff of the Durant Motor company of California took the boys through the factory and in detail explained every operation of building motor cars.

The Durant cars which transported the boys were all decorated with banners and pennants bearing the legend "En route to the $3,000,000 Durant factory," etc. Every boy who made this trip departed from the factory all a rea Durant booster, and satisfied that the Durant is properly called "just a real good car."

Rulers of Sweden Now Use Autos

All but one participant in a recent farmers' festival at Kalmar, Sweden, attended the event in motor cars. "In that particular section of Sweden," says a consular report to the United States Department of Commerce, "ox carts not long ago were the only means of communication.

Two thousand two hundred and thirty passenger cars and 798 motor trucks were brought to Sweden from foreign countries during the first six months of 1922.

Don't Overload Your Automobile

With thousands on the roads of the state and throughout the nation, many of whom are equipped with camping paraphernalia, it is no wonder that motorists seek better equipment for their automobile camps. It is no wonder, also, that so many of them have learned to take enough along to be comfortable without loading the car so that it is both unhandy to operate and uncomfortable for both driver and passengers.

Nearly every city in the United States is studying methods for the protection of motorists and pedestrians at dangerous traffic spots.

DON'T DELAY SIERRA JAUNT

Better not put off that last trip into the high Sierras too long. If you are going into the mountains again this year, you had better plan to go before the snow starts to flake its way into the higher altitudes. Summer lasts all too short a time in the mountains, because there is seldom more than two months that are really enjoyable for mountain touring.

If you go camping in the Sierras now you will have to make plenty of provision against the cold nights, because the winter's cool winds are sweeping through the high country, and frost on the ground is nothing unusual at this time of the year.

While many of the tourists now are satisfied to stay out of the mountains, there are still hundreds to appreciate the scenic grandeur afforded by the trips that take them through the mountain passes. All along the Pacific Coast in Southern California, barring the sandy beach country, are found many mountain trips that do not necessarily take the motorist high in the air, and the scenery is appreciated. An instance is the newly opened road through the Malibu ranch country.

SOME GOOD POINTS IN HANDLING FARMS

Public sentiment regarding land is controlled by genral publicity or "back to the land" subjects, progress and profits of farming, cooperative rural marketing, crop possibilities, by intensive culture, etc.

This is too big a field for any one dealer to attempt to cover by an advertising campaign.

It behooves land owners and dealers to organize so as to collectively make some impression on the powers that be of the press so that public sentiment will be created for land ownership.

This propaganda, followed with proper and persistent advertising campaigns from the land owners in California, will result in an active market.

Let the land buying public come to realize that the best way to buy land is through an accredited dealer whether accredited by an association or by the state, and that through such a dealer better service is to be obtained as well as the conveyance of clear title and reliable representation of the land.

In other words the buyer is to have a service to insure his success instead of high pressure efforts to get his signature and all the cash he has.

My suggestion would be that in future advertising we stress these facts, that a man to settle on California lands must have capital and farm experience and be fully acquainted with the hard work, sweat and toil that success demands for the first two years.

That no matter how good the climate, water conditions, the market or transportation it still requires the hard work of the individual and his family.

All projects should have a capable, experienced, successful, practical adviser to help out people inexperienced in irrigation to see that their lands are properly leveled and checked to save them unnecessary experimentation and loss of time and labor.

CITY PRINTING

NOTICE INVITING SEALED PROPOSALS

Pursuant to the provisions of the Improvement Act of 1911 and the Resolution No. 1736 of the Council of the City of Glendale, California, adopted the 6th day of November, 1922, directing this notice, the undersigned invites and will receive at his office in the City Hall, No. 619 E. Broadway, near Glendale Avenue, up to 7:00 p. m. on Thursday, the 23rd day of November, 1922, sealed proposals or bids for the following improvement to be done according to Plans and Specifications adopted for said work, posted and on file, to-wit:

First: That the northerly half of Doran Street from the westerly line of Columbus Avenue to a line three hundred fifty-nine (359) feet westerly of and parallel to said westerly line of Columbus Avenue, including all intersections of streets, except those portions which are already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with Plan No. 586, Profile No. 744, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Second: That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications be constructed along the northerly side of Doran Street from a line one hundred (100) feet westerly of and parallel to the westerly line of Columbus Avenue, to a line three hundred fifty-nine (359) feet westerly from and parallel to said westerly line of Columbus Avenue, except where said curbs have already been constructed to the official line and grade. Said curbs shall be constructed in accordance with Plan No. 586, Profile No. 744, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 21.

Third: That a cement gutter be constructed along the northerly side of the roadway of Doran Street from the westerly curb line of Columbus Avenue to a line three hundred fifty-nine (359) feet westerly of and parallel to the westerly line of Columbus Avenue and around all curb returns at intersecting streets; said gutters shall be two (2) feet in width, and five (5) inches in thickness, and shall be constructed in accordance with Plan No. 586, Profile No. 744, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Fourth: That a cement sidewalk of the width of five (5) feet be constructed along the northerly side of Doran Street from a line one hundred (100) feet westerly of and parallel to the west line of Columbus Avenue to a line three hundred fifty-nine (359) feet westerly of and parallel to the westerly line of Columbus Avenue, except where sidewalk is already constructed to the official line and grade, in accordance with Plan No. 586, Profile No. 744, and in accordance with Specifications therefor, adopted by the Council of the City of Glendale and known as Specifications No. 36.

Fifth: That all of the roadway of Doran Street between the northerly curb line and the center line of said Doran Street from the westerly line of Columbus Avenue to a line three hundred fifty-nine (359) feet westerly of and parallel to said westerly line of Columbus Avenue, be paved with an oil macadam pavement five (5) inches in thickness, in accordance with Plan No. 586, Profile No. 744, and in accordance with Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Sixth: That all of the easterly half of the roadway of Columbus Avenue from the easterly prolongation of the northerly line of Lot 1, Houston's West Glendale Tract, as per map recorded in Book 12, Page 37 of Maps, Records of Los Angeles County, California, to the easterly prolongation of the center line of that portion of Doran Street lying west of Columbus Avenue, and that all of the roadway of Columbus Avenue from said easterly prolongation of center line of Doran Street to the easterly prolongation of the northerly line of said Doran Street, including all street and alley intersections or terminations except those portions as are already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with Plan No. 586, Profile No. 48, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Seventh: That a cement curb of the Class designated as Class "B" in the hereinafter referred to Specifications be constructed along the easterly side of the roadway of Columbus Avenue from the easterly prolongation of the northerly line of Lot 1 of said Houston's West Glendale Tract to the southerly curb lines of that portion of Doran Street lying east of Columbus Avenue, including curb returns at intersecting or terminating streets or alleys, except where said curbs have already been constructed to the official line and grade. Said curbs shall be constructed in accordance with Plan No. 586, Profile No. 48, and Specifications for said work adopted by the Council of the City of Glendale, and known as Specifications No. 36.

Eighth: That a cement sidewalk of the width of five (5) feet be constructed along the easterly side of Columbus Avenue from the easterly prolongation of the northerly line of Lot 1 of said Houston's West Glendale Tract to the southerly curb line of that portion of Doran Street lying east of Columbus Avenue, including a sidewalk return at the southeasterly corner of Doran Street and Columbus Avenue, except where sidewalk is already constructed to the official line and grade, in accordance with Plan No. 586, Profile No. 48, and in accordance with Specifications therefor, adopted by the Council of the City of Glendale and known as Specifications No. 31.

Ninth: That all of the roadway of Columbus Avenue between the easterly curb line and the center line of said Columbus Avenue from the westerly prolongation of the southerly line of that portion of Doran Street lying east of Columbus Avenue to the easterly prolongation of the center line of that portion of Doran Street lying west of Columbus Avenue, including all intersections or terminations of streets and alleys, be paved with an oil macadam pavement three (3) inches in thickness, in accordance with Plan No. 586, Profile No. 744, and in accordance with Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Tenth: That all of the roadway of Columbus Avenue between the easterly curb line and the center line of said Columbus Avenue from the westerly prolongation of the southerly line of that portion of Doran Street lying east of Columbus Avenue to the easterly prolongation of the center line of that portion of Doran Street lying west of said Columbus Avenue, including all intersections and terminations of streets and alleys, and that all of the roadway of Columbus Avenue between curb lines from the easterly prolongation of the center line of that portion of said Doran Street lying west of Columbus Avenue to the easterly prolongation of the northerly line of said Doran Street, including all intersections and terminations of streets and alleys, be paved with an oil macadam pavement five (5) inches in thickness, in accordance with Plan No. 586, Profile No. 744 and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Eleventh: That a portion of the roadway of San Fernando Road adjoining its intersection with Doran Street as shown on Plan No. 586, be graded to the official grade heretofore established therefor and paved with an oil macadam pavement five (5) inches in thickness, in accordance with Plan No. 586, Profile No. 867, and Specifications for said work adopted by the Council of the City of Glendale, and known as Specifications No. 36.

SECTION 2. That in the construction of said improvements certain parts of said work are to be done at grades other than the existing official grades for said Doran Street, and said existing official grades of said portions of said Doran Street are hereby modified and changed as follows:

The official grade of the northerly half of Doran Street between the westerly line of Columbus Avenue and a line three hundred fifty-nine (359) feet westerly from and parallel to the westerly line of Columbus Avenue is changed so that instead of said existing official grades, the same shall conform to the following elevations, to-wit:

Along the northerly curb line of Doran Street the grade shall be as follows:

At its intersection with the westerly line of Columbus Avenue	535.40
At a point one hundred eighteen (118) feet westerly from said intersection	534.54
At a point two hundred forty-one (241) feet westerly from said last mentioned point	529.50

All elevations hereinbefore given are for the tops of the curbs, are in feet and are above the city datum plane as heretofore adopted and established. At all points between consecutive designated points the grade shall conform to a true and uniform gradient along the curb line between said consecutive points.

For further particulars as to such proposed grade, reference is hereby made to the above mentioned Profile No. 744 on file in the office of the City Engineer of said City, which Profile shows the existing official grade of the portion of said street hereinbefore described and the grade at which said work is proposed to be done.

SECTION 3. That said contemplated work or improvement, in the opinion of said Council, is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described, and said Council hereby declares that the district in said City of Glendale benefited by said work or improvement and to be assessed to pay the costs and expenses thereof, is all that portion of said city included within the following exterior boundary lines, to-wit:

Beginning at the northeasterly corner of Lot 87, Tract No. 253, as per map recorded in Book 14, Page 12, Maps, Records of Los Angeles County, California; thence southerly along the easterly line of said Lot 87, to the northerly line of Doran Street; thence southerly in a direct line to the northeasterly corner of Lot 76, of said Tract No. 253; thence southerly along the easterly lines of Lot 76, of said Tract No. 253; thence southerly along the easterly lines of Lots 76 and 77 of said Tract No. 253 to a point in the easterly line of said Lot 57, thirty-five and sixteen hundredths (35.16) feet southerly from the northerly line of said Lot 57; thence westerly along a line drawn parallel to and thirty-five and sixteen hundredths (35.16) feet southerly from the northerly lines of Lots 57 to 68, both inclusive, of said Tract No. 253 and their westerly prolongation to the center line of Columbus Avenue; thence northerly along the center line of Columbus Avenue to an intersection with the easterly prolongation of the southerly line of that portion of Doran Street lying west of Columbus Avenue; thence westerly along the southerly line of Doran Street to the northeasterly corner of Lot 4, Tract No. 4084, as per map recorded in Book 44, Page 33 of Maps, Records of said County; thence southerly along the easterly line of said Lot 4 to the southeasterly corner thereof; thence westerly along the northerly line of Lot 18 of said Tract No. 4084 to the northwesterly corner thereof; thence southerly along the easterly lines of Lots 7 and 9 of said Tract No. 4084, to the southeasterly corner of said Lot 9; thence westerly along the southerly line of said Lot 9 and its westerly prolongation to the westerly line of San Fernando Road to the intersection with the southwesterly prolongation of the southeasterly line of Lot 5, Tract No. 646, as per map recorded in Book 15, Pages 162, 163 of Maps, Records of said County; thence northeasterly along said southwesterly prolongation and along the southeasterly line of said Lot 5 to the southeasterly corner of Lot 5; thence southerly along the southerly prolongation of the easterly line of said Lot 5 to the northerly line of Doran Street; thence easterly along the northerly line of Doran Street to a point eleven (11) feet easterly of the southwesterly corner of Lot 10, Oliver's West Glendale Tract, as per map recorded in Book 9, Page 85, Records of said County; thence northerly along a line drawn parallel to and eleven (11) feet easterly of the westerly line of said Lot 10 to the northerly line of said Lot 10; thence easterly along the northerly lines of Lots 10 and 11 of said Oliver's West Glendale Tract to the westerly line of Columbus Avenue; thence easterly in a direct line to the northwesterly corner of Lot 7, Tract No. 3492, as per map recorded in Book 34, Page 83, of Maps, Records of said County; thence easterly along the northerly line of said Lot 7, and along the northerly lines of Lots 91 to 87, both inclusive, of the aforementioned Tract No. 253, to the point of beginning, excepting therefrom any portion of any public street or alley which may be included in the above described district. Reference is hereby made to Plan No. 586-A, approved by the Council of the City of Glendale and now on file, in the office of the City Engineer, which indicates by a red boundary line the extent of the territory to be included in said assessment district and which shall govern for all details as to the extent of the said assessment district.

SECTION 4. The Council of the City of Glendale determines that serial bonds bearing interest at the rate of seven (7%) per cent per annum shall be issued to represent assessments of Twenty-five, ($25.00) Dollars or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January, every year after their date until the whole is paid; and the interest shall be payable semi-annually by coupon on the second days of January and July respectively of each year, at the rate of seven per cent per annum on all sums unpaid until the whole of said principal and interest are paid. All of the herein proposed work shall be done and said bonds shall be issued in pursuance of an Act of the Legislature of the State of California, designated as the "Improvement Act of 1911," approved April 7, 1911, and amendments thereto.

Reference is hereby made to Resolution of Intention No. 1716 for further particulars of said work.

Bidders must file with each proposal or bid a check payable to the City of Glendale, certified by a responsible bank, for an amount which shall not be less than ten (10%) per cent of the aggregate of the proposal, or a bond for the said amount and so payable, signed by the bidder and two sureities, who shall justify before any officer competent to administer oaths, for double the said amount, and over and above all statutory exemptions. In bidding use blanks which will be furnished by the City Clerk upon application.

Dated this 8th day of November, 1922.

A. J. VAN WIE,
City Clerk of the City of Glendale.
11-9-22—2t

CITY PRINTING

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF LOS ANGELES

No. B-95032

THE CITY OF GLENDALE, municipal corporation, Plaintiff,
vs.
FRANK CAMPBELL, et al., Defendants.

NOTICE OF FILING OF REFEREES' REPORT AND OF THE TIME AND PLACE APPOINTED FOR THE HEARING OF THE SAME.

NOTICE IS HEREBY GIVEN to all persons owning or having an interest in any property included in the assessment district described in Ordinance No. 420 of the City of Glendale, State of California, passed by the Board of Trustees of said City on the 27th day of January, 1921, and entitled, "An Ordinance declaring the intention of the Board of Trustees of the City of Glendale to order the opening, widening and laying out of Stanley Avenue in said City"; that the report of the Referees in the above entitled action was filed in the office of the County Clerk and Ex-Officio Clerk of said Court on the 31st day of October, 1922; and that thereafter said Court appointed the 23rd day of November, 1922, at the hour of 11 o'clock A. M., in Department 10 of said Court, as the time and place for the hearing of said report.

Each and every person owning or having an interest in any property in said assessment district is hereby required to intervene in the above entitled action and file in the office of said Clerk within the time required by law his exceptions in writing to said report, if any he has, specifying the grounds upon which such exceptions are based. Said district above referred to includes those lands situated in the City of Glendale, County of Los Angeles, State of California, and particularly described as follows, to-wit:

All that portion of the City of Glendale included within the following described exterior boundary lines, to-wit:

Beginning at the northeasterly corner of Lot 9, Tract 3403, as per Map recorded in Book 42, Page 50, Maps, Records of Los Angeles County, California; thence westerly along the northerly line of said Lot 9 to the northwesterly corner thereof; thence northwesterly to the northeasterly corner of Lot 10 of said Tract 3403; thence westerly along the northerly lines of Lots 12, 13, 14, 15, 16, 17, of said Tract 3403, to the northwesterly corner of said Lot 17; thence westerly across a portion of Lot 32 of Watts Subdivision, per Map recorded in Book 5, Page 201, Miscellaneous Records of Los Angeles County, California, to the northeasterly corner of Lot 8 of the G. B. Edwards Tract as per Map recorded in Book 14, Page 159, Maps, Records of aforesaid County; thence westerly along the northerly lines of Lots 5, 6, 7, 8, 9, 10, 11 and 12, of said G. B. Edwards Tract to the northwesterly corner of said Lot 12; thence southerly along the westerly line of said Lot 12, to the northeasterly corner of Lot 1 of said Houston's West Glendale Tract; thence southerly along the easterly line of said Lot 1 to the southeasterly corner thereof; thence westerly along the southerly line of said Lot 1 to the northeasterly corner of Lot 2 of said Houston's West Glendale Tract; thence southerly along the easterly line of said Lot 2 to the southeasterly corner thereof; thence westerly along the southerly line of said Lot 2 to the northeasterly corner of Lot 3 of said Houston's West Glendale Tract; thence southerly along the easterly line of said Lot 3 to the southeasterly corner thereof; thence westerly along the southerly line of said Lot 3 to the northeasterly corner of Lot 4 of said Houston's West Glendale Tract; thence southerly along the easterly line of said Lot 4 to the southeasterly corner thereof; thence westerly along the southerly line of said Lot 4 to the northeasterly corner of Lot 5 of said Houston's West Glendale Tract; thence southerly along the easterly line of said Lot 5 to the southeasterly corner thereof; thence westerly along the southerly line of said Lot 5 to the northeasterly corner of Lot 6 of said Houston's West Glendale Tract; thence southerly along the easterly line of said Lot 6 to the southeasterly corner thereof; thence westerly along the southerly line of said Lot 6 to the northeasterly corner of Lot 7 of said Houston's West Glendale Tract; thence southerly along the easterly line of said Lot 7 to the southeasterly corner thereof; thence westerly along the southerly line of said Lot 7 to the northeasterly corner of Lot 8 of said Houston's West Glendale Tract; thence southerly along the easterly line of said Lot 8 to the southeasterly corner thereof; thence westerly along the southerly line of said Lot 8 to the northeasterly corner of Lot 9 of said Houston's West Glendale Tract; thence southerly along the easterly line of said Lot 9 to the southeasterly corner thereof; thence westerly along the southerly line of said Lot 9 to the northeasterly corner of Lot 10 of said Houston's West Glendale Tract; thence southerly along the easterly line of said Lot 10 to the southeasterly corner thereof; thence westerly along the southerly line of said Lot 10 to the northeasterly corner of Lot 11 of said Houston's West Glendale Tract; thence southerly along the easterly line of said Lot 11 to the southeasterly corner thereof; thence westerly along the southerly line of said Lot 11 to the northeasterly corner of Lot 12 of said Houston's West Glendale Tract; thence southerly along the easterly line of said Lot 12 to the southeasterly corner thereof; thence westerly along the southerly line of said Lot 12

GLENDALE, CAL.
FRIDAY,
NOV. 10, 1922

The thrill of setting your feet on property of your own—

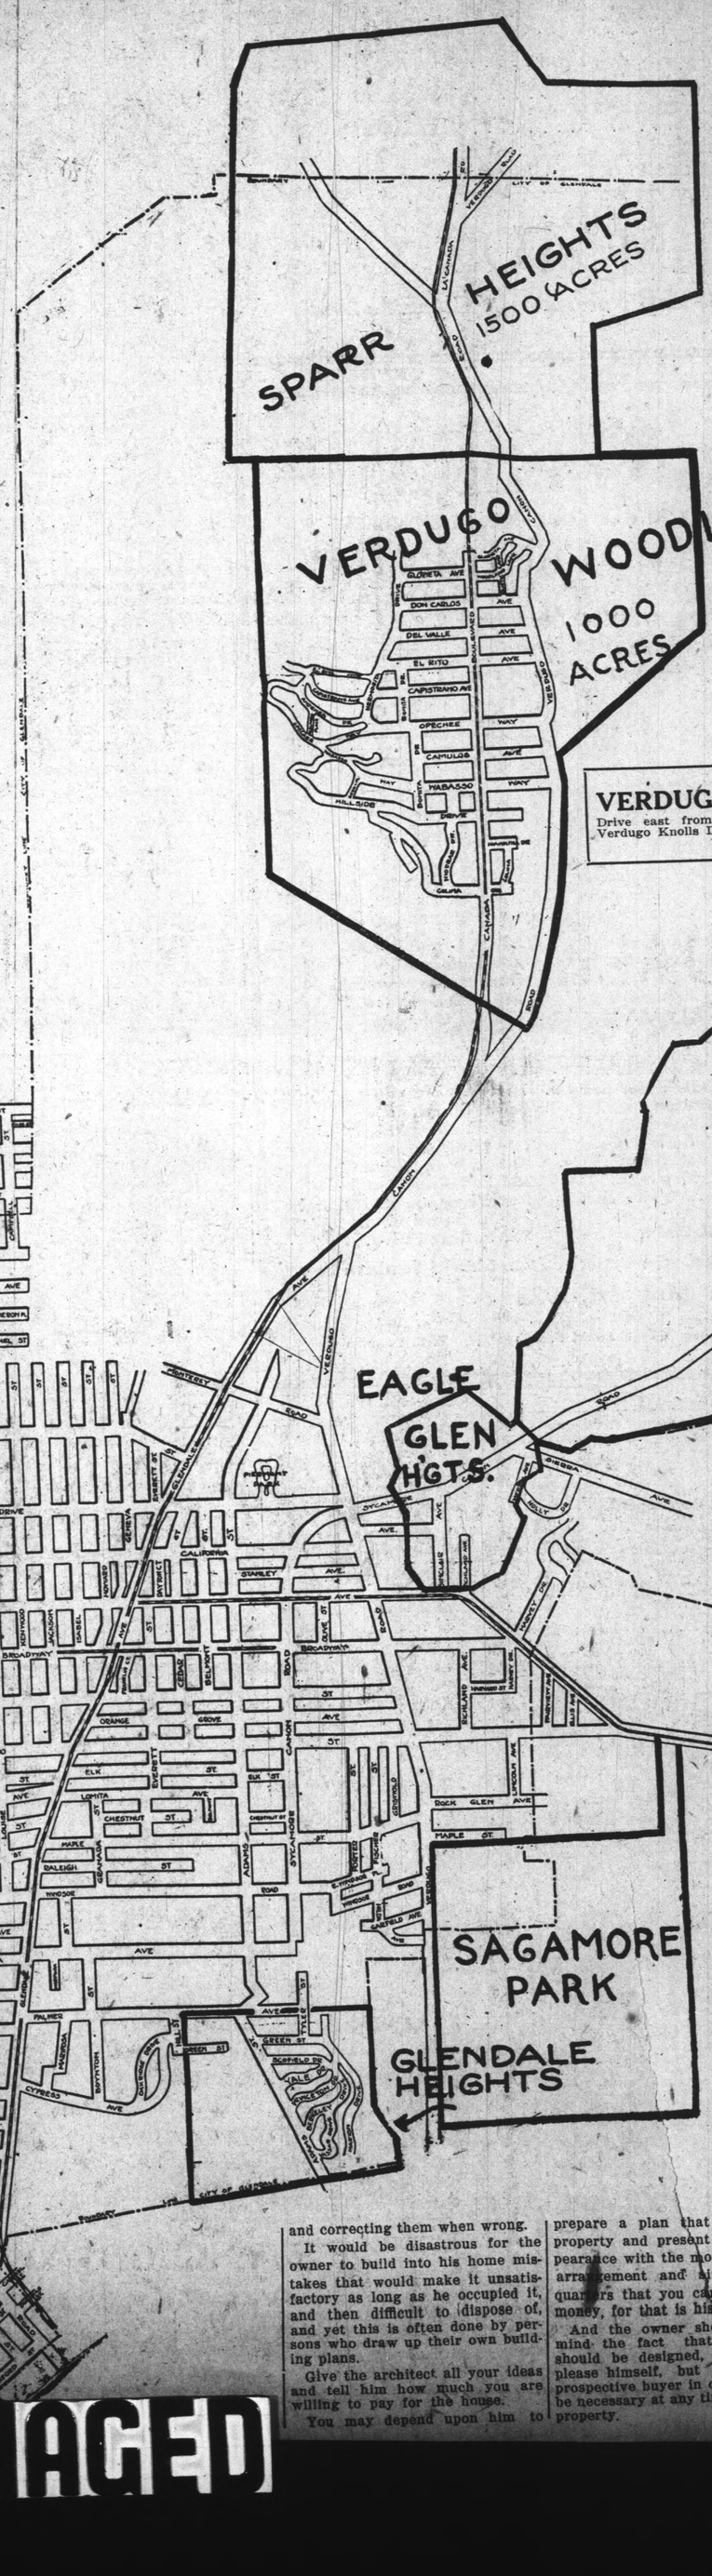
No matter if you are a millionaire or just starting to make your first million, you will be thrilled when you set your feet on a good lot that is your very own.

And buying good real estate will help make that first million.

You can buy on very easy terms and hardly miss the money.

But, buy—prices are going skyward, and a good lot bought now will return you a handsome profit almost before you know it.

Visit the tracts here shown and you will find many offerings that will both please and really permanently satisfy.



HOME PLANNING IS AN ART; SOME SUGGESTIONS

We assume that the wideawake reader wishing to take his place as a substantial citizen and a landed proprietor has now taken the first step and bought a lot.

It is needless to say that he is a better citizen when he has purchased a tangible share in the greatest institution on earth—our own U. S. A.

With this good step behind us, the next is one which deserves much time and study.

One of the most delightful games invented is house planning. You get a lot of paper and a pencil and ruler if you haven't the regular paraphernalia of the professional (it only takes a little more imagination to make the results look as well to the players) and try to put your ideas on paper.

Make one-quarter inch on your plan represent one foot on the ground.

This is called one-quarter inch scale and is convenient for rough work.

Elevations are side, front and rear views of the house, but of greatest interest to the planner is the plan or diagram showing size and arrangement of rooms.

Any number can play the game, an entire family fed up on trying to enjoy life as normal kiddies without being put out by an irate landlord, and hungry for independence, or just a young couple, married or single.

Watch the houses you pass while driving about the city. There is probably no place in the world where a greater variety of attractive homes may be seen in a day's drive than right here in Glendale.

Begin nothing the type of house that you prefer and why. Try your hand at sketching its best features or take snap shots.

Visit houses nearing completing, and you will see many desirable features and also learn some things to avoid.

Inspect them for convenience of arrangement of rooms and built-in features. Make frequent use of sketches and notes and save them for future use.

When possible, find the cost and the name of the architect of a particularly pleasing house.

decided by recommendation of a friend.

The planning stage is a very good time to profit by the old saying, "Make haste slowly."

One of the most common difficulties encountered by builders and architects is trying to please someone who does not known what he wants.

And the client should have given considerable thought to his house plan before approaching either, except for advice. Remember, it is your plans before than after starting either the architect or builder at work on them.

One of the first questions asked is, "Shall I have an architect draw the plans?" There is only one answer to this. Yes, the architect will act as your agent and keep you from many common errors of the inexperienced home builder, both in planning and construction.

A conscientious and capable architect will incorporate your ideas into an entirely satisfactory

and correcting them when wrong.

It would be disastrous for the owner to build into his home mistakes that would make it unsatisfactory as long as he occupied it, and then difficult to dispose of, and yet this is often done by persons who draw up their own building plans.

Give the architect all your ideas and tell him how much you are willing to pay for the house.

You may depend upon him to prepare a plan that will fit the property and present the best appearance with the most convenient arrangement and size of living quarters that you can get for the money, for that is his business.

And the owner should keep in mind the fact that any home should be designed, not only to please himself, but the average prospective buyer in case it should be necessary at any time to sell the property.

DAMAGED

Only a Few Lots Are Now Remaining in

ROLAND SQUARE

This is the last remaining close-in subdivision in Glendale, and the rapidity with which the lots have been sold there has been the sensation of the Real Estate world in Glendale.

$1350 to $1750 Per Lot

Your attention is called to the fact that there are now under construction in Roland Square a number of the finest class of buildings, and there are more of the same type, some of them considerably larger, to be erected there just as soon as the material for the buildings can be delivered.

THERE ARE NOW

ONLY TWENTY-TWO LOTS LEFT

—and some of these are the very choicest that have been offered for sale in the tract, and if the wonderful view and the class of the surrounding residences count anything towards your selection of your ultimate homesite, then here is the spot for you to choose.

15% DOWN

and a small payment per month puts you right in possession of one of these most desirable lots, and the street improvements, the gas, water and electricity are all included in the price asked for each lot.

BUY NOW

Let us drive you over to the Tract and show you the many virtues of locating yourself on a lot you will be proud to own five years hence.

OWNERS and SUBDIVIDERS

IG, NEW OUTDOOR PLAYGROUND IS BOUGHT BY COUNTY COMMISSIONERS

esidents of L. A. County Now Have Beautiful Mountain Retreat; to Be Completed by Beginning of Next Summer

Los Angeles county now has one of the finest natural ountain playgrounds to be found anywhere in the coun-y. The commissioners of the county recently purchased a act of land comprising 540 acres of wonderful mountain nd. It lies in and adjacent to the Swartout valley in the an Gabriel mountains.

This beautiful playground, which in years to come ill doubtless be used by thousands and thousands of the eople of this and the surrounding counties, has an eleva-on of better than 6000 feet above sea level. Being located the southernmost end of the n Gabriel valley it is located ose to and within full view of t. San Antonio, which is known Old Baldy.

Plans for the improvement are al-ady materializing and a section those mountains that has here-fore been inaccessible to motor-ts because of a lack of good ads in its nearby vicinity, can w be reached in a very handy shion by way of the Valley boule-rd, Cajon pass highway and ne Pine canyon, or via Mint can-n, Palmdale, Little Rock, Llano d Sheep creek. The first is a tle better than 100 miles and the tter about 115 miles.

A road crew and a county chain ng are building a three-mile retch of road from Swartout val-y to link up with Shoemaker's nyon and ranch to the north, at will cut the distance by way Palmdale to about 100 miles. uring the summer the Valley ulevard and Cajon pass route is be preferred because it is cooler d the entire distance lacking about 20 miles, is paved.

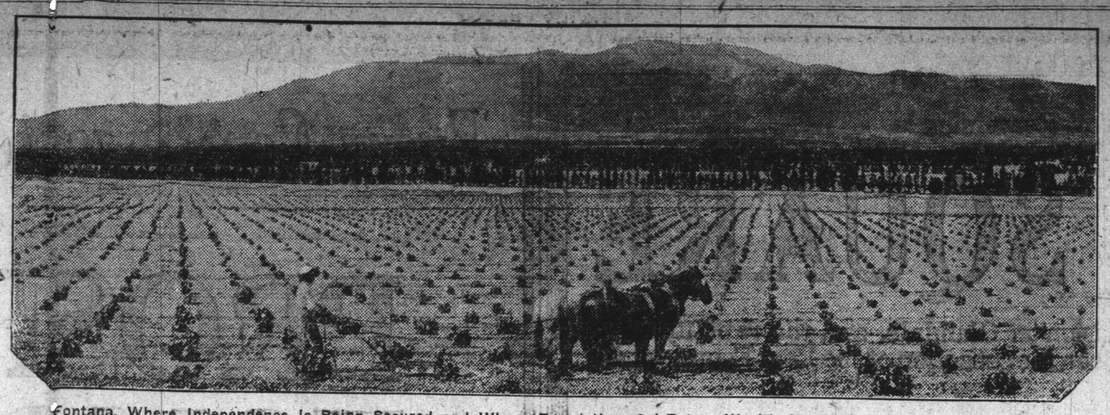
In honor of the chairman of the board of county commissioners, the new playground has been named Camp McClellan. Swartout valley, which extends northwest and southeast, is narrow, well wooded and there is plenty of pure mountain spring water available. Under the tall pines there are many delightful camping places. Much improvement is necessary before it can accommodate any great number of campers, and mountain trails must also be blazed for those who are fond of invigorating sport of mountain climbing. At present there are accommodations for a considerable number with plenty of water and fire wood available. The section is within the confines of the Angeles forest reserve and it is necessary for one to obtain fire permits, which can be secured from the ranger, whose cabin is located near the southern entrance to the valley and close to the road that leaves the Cajon highway.

Years ago a company was formed to devlop Swartout valley for pleasure purposes as well as the lime deposits that are to be found at the head of Lone Pine canyon. It was the intention to have a trackless trolley in operation between the Cajon highway and the valley and today the posts that were to carry the trolley wires still stand beside the road.

From Cozy Dell on the Cajon pass highway to Swartout the pull is one steady grind up Lone Pine canyon, for in about 13 miles one rises from about 3000 feet altitude to about 6000 feet above sea level. This piece of road is in excellent condition, however. At the head of this canyon and at the very southern entrance to the valley, Wright's apple ranch of about 65 acres is situated. There are several other smaller orchards nearby. Beyond the country is virgin woodland.

During the day the temperature is cool and very inviting and at night it is chilly enough to require several blankets, if one wants to sleep comfortably, even during the summer. The ground is carpeted with a thick layer of pine needles, both in the valley and on the mountainsides.

On ground leased from the government members of the board of county supervisors have erected summer cabins. When the clearing of the valley of underbrush has been completed, water connections made and sanitary provisions made Swartout valley will possess a lure that is bound to tax its capacity, in the opinion of the county supervisors. By next summer this work will have been well completed, it is understood. It is further contemplated building a community store, so that campers may buy supplies on the ground.



Fontana, Where Independence Is Being Secured and Where Foundations for Future Wealth Are Being Laid, Beckons to You

CHEESE DRESSING

Press two hard cooked eggs through a sieve and mix them with two tablespoons grated cheese. Rub into a smooth paste with oil and thin to desired consistency with lemon juice or vinegar. Season with one or two drops of Tobasco Sauce.

Fontana, the most wonderful grape growing section in Southern California, is attracting unusually wide attention at this time, on account of the wonderful grape harvest that has just been realized. That tract was opened recently to the public and many are taking advantage of this opportunity to secure a steady income at a moderate outlay of money.

Fontana is 50 miles due east of Los Angeles—a great settlement of small farms which for years has been under development. Orange, lemon and grapefruit growing has for years been an established success there. Scientific poultry raising has proven itself a livelihood for the residents and now has come the irrigated vineyard.

Grapes have made it possible for a man with a small capital to get a home at Fontana which will also make him a living so that he and his family may share in the delights, the pleasures and the prosperity of this wonderful region.

Were you to draw a circle with a radius of 10 miles from the town of Fontana it would include more than 20,000 acres of successful vineyards, some of them more than half a century in bearing. It is the old, tested, proven grape country.

Irrigated vineyards on all sides of Fontana have been producing from four to ten tons of grapes per acre a year. Present prices range from $60 to $130 a ton and veteran vineyardists who know the market and its future as well as the growing demand for grapes say that they will never go below $50 a ton for many years to come.

The cost of cultural care, water, harvesting and marketing at Fontana where the work was hired last year ranged around $50 an acre. Five tons of grapes to the acre at $50 per ton is $250 annual yield. Even if grapes went as low as $30 a ton, the yield would be from $150 an acre upward, thus making easily a profit of $100 an acre net.

The settler at Fontana can buy 10 acres or more of vineyard at $450 an acre, payable in installments ranging over five years apportioned so as to enable him to make part of his payments from the profits of his crop.

The price includes planting and all cultural care and water until his vines are 3 years old, so that he can remain where he is living until his first crop, or even longer by making care arrangements with the company.

Fontana grape farms are being sold in Glendale by the Parks & Malone Realty company, 131 South Brand boulevard.

MAKE THE FARM HOME

Floor plans for a dozen conveniently arranged farm houses are illustrated in a new bulletin (No. 91) just issued by the extension service of the State College of Washington. Prof. L. J. Smith, head of the department of agricultural engineering; Prof. Rudolph Weaver, head of the department of agriculture; and Miss M. Minerva Lawrence, extension specialist in home management, collaborated in its preparation from the material resulting from the competition held jointly by the college and the American Institute of Architects for the women of Washington.

The competition was on plans for three sorts of houses: 5, 6 and 7 room bungalows; 3 or 4 room bungalows; and 6, 7 or 8 room houses of two stories. Each plan was to include a bath, and a men's wash room on the ground floor where the farmer, his sons and helpers could "clean up" before coming in to meals.

Nine business firms in the state furnished prizes for the competitors, all of whom were required to be women who actually had lived on a farm and therefore knew the farmer's wife's problems. The prize-winning plans, and those receiving special honorable mention are brought together in this bulletin, and are the work of Mrs. J. C. Curry, Ferndale; Mrs. L. M. Goldsmith, Yelm; Mrs. Charles D. Gaines, Odessa; Mrs. Izola McKibben, Mt. Vernon; Mrs. O. H. Prentice, Spokane; Miss Orilla Miner, Pullman; Emma Hefty, Bellingham; Mrs. A. J. Latimer, Kahlotus; Mrs. Lee Haddan, Vancouver; Miss Edith M. Cox, Kennewick, and Mrs. C. G. Waterman, Deer Park. The home of J. A. Adams, Fairfield, is shown on the cover.

Those planning to build, or to remodel an old farm house, will find the bulletin a help in deciding where windows, doors, closets, sink and other plumbing should be placed to make the home most convenient and save the housewife many steps.

TEACHERS' QUALIFICATIONS

"Two of the most necessary qualifications for a teacher to possess are a youthful, enquiring spirit, and a sense of humor," said Dr. F. F. Nalder of the State College of Washington, recently, when addressing a joint teachers' institute at Walla Walla. He also emphasized the need of constant loyalty.

SPARR HEIGHTS IS FORMING INTO THE PROMISED CITY

Great activity is beginning to show itself at Sparr Heights in the way of development. The engineers have practically completed their work in establishing street and grade lines and the teams are at work in the first unit with plows and scrapers. Contracts have been let for the cement work and everybody is busy.

This activity, from now on, will be continuous and more intensive for the comprehensive plans of the management will require the employment of large forces in construction of the elaborate boulevards, parkways, etc.

Work will soon begin on the golf course and will be pushed vigorously until completed. It is expected that the Oakmont club house will be completed and the course in condition by January 1.

This club will prove a most attractive feature in the social life of Glendale. The membership will comprise some 750 and will be made up of those prominent in social circles in this vicinity. The clubhouse will be the center for many interesting functions and will be one of many features designed to create a highclass "atmosphere" that will make Sparr Heights attractive to those who desire exclusive homes.

The sale of lots in the first unit, which comprises the bungalow and business section, is progressing finely, and those who contemplate securing a bungalow site at Sparr Heights will have to act quickly.

The Francis-Barnum-Walters Co., the owners and subdividers, have issued a guarantee to the effect that "improvements consisting of hard surfaced streets, curbs, sidewalks, electric light, water and gas mains will be installed in Sparr Heights without additional expense to purchasers of all lots, nor will there ever be any assessments against the property to cover the cost of these original installations.

VISIONS OF BIG GLENDALE SEEN FROM FAIRVIEW

Opening of Eleventh Unit Shows History Is Repeating Itself

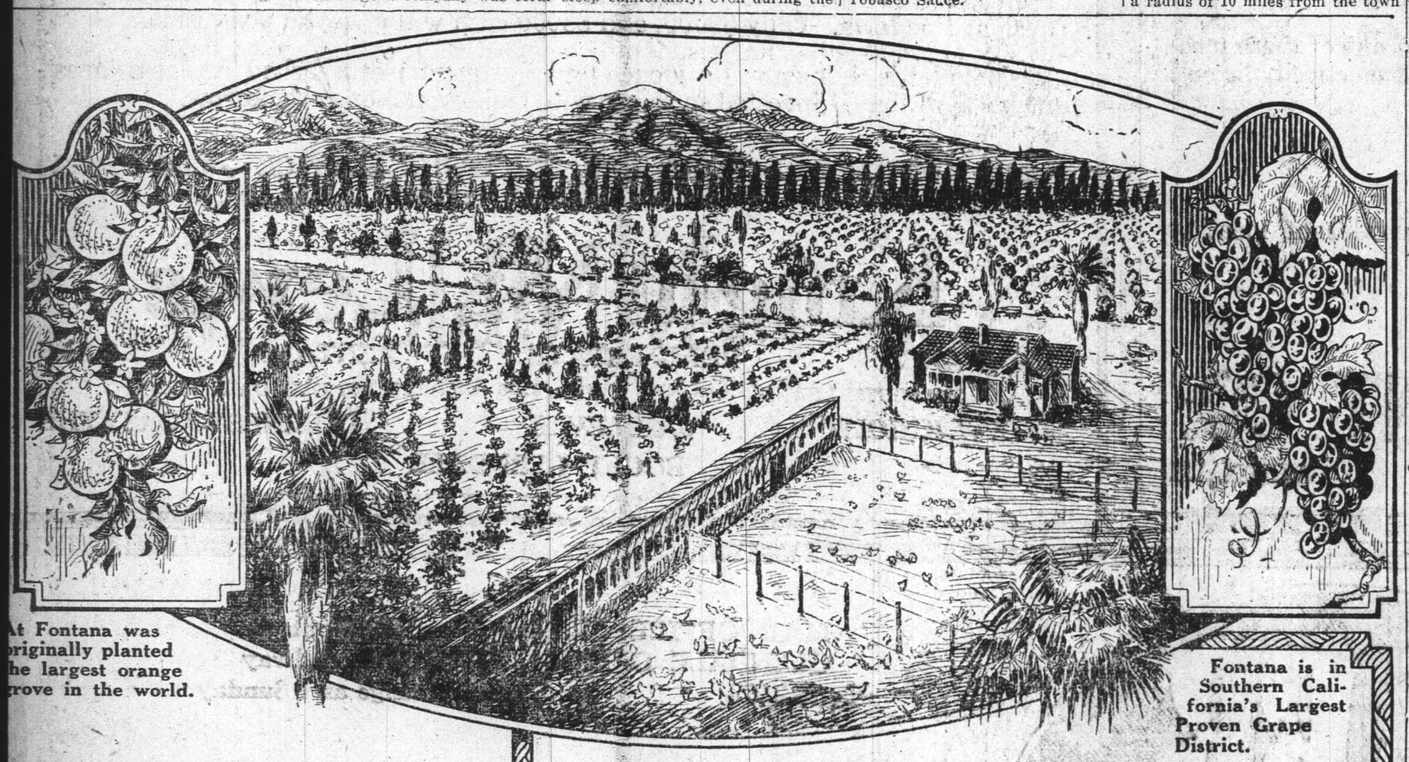
At different times in the past several months there have been printed articles by men familiar with the early history of Glendale reminding the Glendalians that it is only a few years ago when Brand boulevard was in a barley field, and about all the territory west of Brand was either in vineyard or orchard and the town itself was located at the corner of Glendale and Wilson avenues.

This is exceedingly interesting information and is valuable to just in proportion as it is used—to look ahead and see what the future will be and what values will have become in the years 1930 and 1940.

It does not take a prophet to ascertain at this time that the whole territory between here and the center of Burbank will be built up practically solid before 1930. When one stops to consider the absolutely wonderful changes that have taken place in the Fairview sub-division in one year and also the enhancement in value that has taken place, it is not hard to appreciate that another year or two will witness still greater developments and larger advances in prices.

Hamlin & Hepburn are announcing the advance sale of their eleventh unit, located between Glenwood and Kenneth roads, being a piece of property which they purchased from the estate of the late James O'Neill, the actor, who held it for over 30 years.

This property, one of the few pieces still available for subdivision in this section, was purchased by Hamlin & Hepburn at a very advantageous price, which enables them to offer lots in the eleventh unit at a lower price than they will ever be able to offer again.



At Fontana was originally planted the largest orange grove in the world.

Fontana is in Southern California's Largest Proven Grape District.

Exceptional Opportunities

Offered at FONTANA in Orange and Grape Fruit Groves, Poultry, Vineyards and Home Sites

COUNTRY HOME SITES The Fontana Farms Company offers you a profitable country estate, located within a short distance of Los Angeles—congenial occupation for your leisure or your full energy and an investment of exceptional merit—that is what this opportunity means to you.

ON BOTH FOOTHILL & VALLEY BLVDS. In the orange empire of Southern California, on two paved boulevards—served by two transcontinental and the Pacific Electric Railways—surrounded by thriving, prosperous cities—you may select a grove or a vineyard that has been carefully planted and cultured by one of the largest fruit growing organizations on the Pacific Coast—THE FONTANA FARMS COMPANY—17 years in business.

Vineyards

THE Vineyards at Fontana are a revelation to those who see them. Planted in perfectly laid out rectangular tracts of 20 acres each, bordered by beautiful eucalyptus trees and irrigated by one of the finest water systems in California, these vineyards, sold in 5, 10 or 20-acre tracts, offer one of the soundest investments the market affords.

Home Sites

FONTANA is a splendid place to live—a community of attractive homes in the center of the orange and grape district of San Bernardino County. Fontana has pure water, good schools and magnificent mountain scenery.

Poultry

THE salient facts regarding the poultry business in Southern California are these: Winter never comes. The worst month of a Fontana winter would be called magnificent April weather in the East. Hens here begin to lay immediately after the moulting season in the fall. There is fresh green feed available for them the year round. The result is that the hens lay their best at the season of the year when fresh eggs are highest and scarcest. From Fontana's $57,000 poultry plant over 110,000 baby chicks have been sold in six months, and more than 48,000 dozen eggs have been produced since last January.

Deferred Payments

FULL cash payment is not required. Write us today or call at our office for descriptive folder, maps and additional information.

Half Acre Bargains
IN THE CITY OF GLENDALE

$100 DOWN

$15.00 and $20.00 monthly. Probably the last half-acre subdivision in Glendale. Improvements in. Even paved streets and curbs. No waiting for these. Only 20 of these and you will be surprised at the prices. Bring some cash along for a deposit, as you will want to grab one on sight. One block from school, and Glendale Fire Station No. 3 is on the end of this property. Wonderful chance for a home-site or speculation. Undeveloped land now selling for what I am asking for this.

4 LARGE BUSINESS LOTS

And the only ones in this section. One fine for an oil station. Did you ever have such a chance for business or speculation?

CHICKEN FANCIERS Here is your chance to live and work in the city and have your feathered pets and fruit trees. Get a move on and plant a deposit on one of these before it is too late. Temporary homes allowed.

HOME BUILDERS Get busy and grab some of these. This is a great opening for you. The kind of lots people want their homes on.

Property located at Glenwood Road (formerly Sixth) and Grand View Avenue. Driving, go out San Fernando Boulevard, or Kenneth Road, or Glenwood Road, to Grandview and Sixth. Or take Burbank car and get off at Brand stop. Walk one block in the direction of the mountains to Tract Office. No lectures, meals or coach on this Tract. You save that. Open Sunday and week days until sold.

GEORGE E. SHERMAN

ONLY 95 LEFT

IT WILL PAY

Advance Sale
11th Unit
FAIRVIEW
Large Lots as Low as
$650
$25 Cash -- $15 per Month

Our 10th Unit being three-fourths sold, we are now taking advance reservations in our 11th Unit. This is a wonderful piece of property; located between Glenwood Road and Kenneth Road, both of which will be paved boulevards in a few months, and directly on Allen Ave., one of the main through streets from the floor of the valley to the mountains. A very fortunate purchase enables us to offer this property at prices way under its present value. This is the story:

Some 32 years ago the eminent actor, James O'Neill, who made fame and fortune for himself in "Monte Cristo," on one of his trips to Los Angeles, bought from the old Providentia Land and Water Co. this ten acres of land which now constitutes our 11th Unit.

Mr. O'Neill bought other property all over the United States and at the time of his death probably did not know how many pieces he owned. The attorneys for his estate, located at New London, Conn., had a big piece of work to negotiate the sale of all these widely scattered pieces of property and were very anxious to take what they considered a reasonable offer. To make a long story short, the 11th Unit was a most fortunate purchase and the advantage which we derived thereby we are passing on to purchasers of lots.

We can state positively that there will never be lots offered again in the whole Northwest section at as low prices.

The more we compare values the more we realize that the prices at which we have sold lots and are now selling lots, are exceedingly low and that these prices will never prevail again. It will only be a short time until nothing in this section can be purchased for under One Thousand Dollars and corners will run up to Two Thousand.

Don't Miss This Opportunity

Do you know that Glendale is the fastest growing city in America? Do you know that building lots are getting scarce in Glendale? Do you know that $25 cash down as an initial payment on a lot is very exceptional?

Buy a lot in the 11th Unit of Fairview while there are a few left. A choice location on a beautiful slope, close to transportation, fine soil, magnificent view, water, gas and electricity in a section where the momentum of the development already under way assures an increase in value.

Make Your Reservations Today

Drive out San Fernando Road to Allen Ave., then one block up to Tract office, Fourth and Allen Ave.
